FRENCH GOVERNMENT WILL WAGE STERN WAR ON CHURCH

REPUBLIC PLANS HARSH MEASURES

Confiscation, End of Pensions for Clergy and Military Service for Priests in Program

SECRETARY OF NUNCIATE EXPELLED

Paris, Dec. 11.—After a meeting of the cabinet ministers today it was announced that on December 14, Premier Clemenceau will ask parliament to suppress the pensions of the clergy, to liquidate the public property of Catholics and to distribute the presbyteries, seminaries, etc.

It is also positively stated that the government has decided to expel from France Monsignor Montagnini, secretary of the papal nunciature at Paris, who has represented the Vatican here since the recall of the papal nuncio.

Monsignor Montagnini, secretary of the papal nunciature since the recall of the nuncio was arrested this afternoon upon an order expelling him from France and will be conducted to the frontier tonight. The residence of Monsignor Montagnini was searched by the police.

Formal notice was served during the day on Cardinal Richard, archbishop of Paris and the bishops and parish priests of this department that they must evacuate their residences tomorrow. Similar notices were served on the clergy in the other departments notifying them to leave their residences on Thursday or Friday.

Immense quantities of documents found at the nunciature were seized and taken to police headquarters.

A courier from the papal secretary of state, Cardinal Merry Del Val bearing despatches from Rome was turned back at the frontier today.

HISTORIC DAY FOR FRANCE.

Centuries-Old Relation of State and Church is Severed.

Paris, Dec. 11.—This is an historic day for France. The struggle which began in 1880 with the banishment of the Jesuits ended today with the legal rupture of the bond which for practically a thousand uninterrupted years had united church and state. By refusing to make the required declarations under the public meeting law of 1881, public Catholic worship, except by schismatic organizations, tomorrow becomes illegal.

The scenes in some of the churches were extremely touching. Not in years had there been such an attendance at mass. The number of women was especially large and was noteworthy as indicating the religious indifference of the male population. Although seven eighths of the inhabitants of this city are nominally Catholics, in no parts of the city were the churches crowded.

Women Came Weeping from Church

Even at Notre Dame cathedral, where a solemn high mass was celebrated, the edifice was only half filled. The officiating clergy read the regular offices for the week as usual, without referring to their illegal status tomorrow. Nevertheless, the depression of the Catholics was manifest. Many women emerged from the cathedral with their eyes streaming with tears and lingered on the pavement to discuss what to do when the clergy are turned out of their churches.

But, on the eve of the struggle, it is becoming more apparent that both government officials and high ecclesiastics are resisting the advice of the intemperate. Minister of Public Worship Briand announces that the government "cannot be driven into the trap of closing the churches" and Cardinal

SWITCHMAN KILLED UNDER ENGINE WHEELS

Charles F. Kromm Loses His Life in Pennsylvania East Yards.

Charles F. Kromm, a switchman in the employ of the Pennsylvania company, was run down by a shifting engine in the east yards at 10:45 o'clock this morning and injured so badly that he died an hour later, just after reaching the St. Joseph hospital. Mr. Kromm was about to get upon the footboard of the engine, when his foot was caught in a switch and he was unable to release it. The engine threw him down and rolled him along so that his neck and chest were crushed, but did not maugle the body greatly. The injured man was placed on an engine, brought to the depot and thence hastened to the hospital, where Dr. M. F. Porter did all that was possible to save his life, but he expired before his wife, who was being rapidly carried there in a cab, could reach his side.

Charles Franklin Kromm was the son of Mr. and Moses Kromm, of near Coesse, who survive him, and he was 24 years old. He was married four years ago to Miss Louisa Nahrwold, of this city, and to them was born a daughter, now about three years old. Other surviving relatives are a brother, James Albert Kromm, of the Barnett 'bus line, and three sisters. The latter are Mrs. Minnie New, of Coesse, and Ida and Tillie, aged respectively 9 and 3 years, who reside with the parents.

Mr. Kromm learned the moulder's trade at the Bass works and was employed at that work at that place up to four years ago, when he took a position as brakeman on the Pennsylvania road. Two years ago he was transferred from the road to the yards and has since been engaged in that work. He was a member of Fort Wayne lodge, No. 136, Brotherhood of Railway Trainmen, and a social member of the Pathfinders, his occupation making him ineligible to the insurance branch of the order.

The funeral arrangements have not yet been made, but it is likely the obsequies will be held Thursday and interment be at Coesse.

The family of the deceased resides at 2328 Smith street.

UNCLE SAM BARS SANTA CLAUS FROM THE MAILS

Hitchcock in Annual Report the Department as to Children's Letters.

Washington, Dec. 11.—Santa Claus has been barred from the mails. Break the news gently to the children, but the postoffice department has issued a fraud order against Santa Claus, and he will be unable this year to learn what many trusting and longing hearts want during the season of good cheer.

It has been the practice of many philanthropic persons to secure from the postoffices throughout the country some of the scrawling little missives, and make the children's hearts glad by supplying many of the wants set forth. Postmasters receiving letters addressed to Santa Claus generally laid them aside, and patrons who could afford it would do a good turn by aiding the most deserving cases.

Now all letters so addressed must be forwarded to the dead letter office, where they will go through the formal process of being opened and being examined. When it is possible to return the letters to the writers it will be done.

Notwithstanding this order, Santa Claus will of course receive some of his letters. All given for mailing purposes are not mailed, and in exchange of confidences many parents learn the contents of the communications, but the effect of the strict enforcement of department policy will cause many little hearts to ache which otherwise would be made happy.

MILLIONAIRE FATALLY ILL.

Louisville Ky., Dec. 11.—Professor W. F. Borden, a millionaire, widely known, is fatally ill as the result of a stroke of paralysis at his home in Borden, Ind. His age is eighty-four. Professor Borden made his fortune in gold mines in Colorado. He was one of the first to use the cyanide process. The town of Borden, on the Monon railroad, was named in his honor.

Youth Shoots His Father Who Drove Him With Gad to His Learning.

New York, Dec. 11.—Because his father kept him in the grammar schools while the boy was older and larger than others in that grade and whipped him when he failed in his lessons, William Weedon, aged 16 years, today shot and probably fatally wounded his father, John Weeden, in the face and neck at their home in Glendale, L. I. The boy was arrested.

INDIANA SHIPPERS TO HOLD MEETING TOMORROW

Important Matters Concerning Car Service to Be Discussed.

Indianapolis, Dec. 11.—The meeting called for tomorrow in this city by the Indiana Manufacturers' and Shippers' association has created such a wide interest throughout the state that it is expected there will be not less than 300 manufacturers, coal and grain dealers, lumbermen, live stock shippers and others at the meeting.

The meeting will be called to order in the assembly room at the Claypool hotel by J. E. Fredericks, of Kokomo, president of the association. It will be an open session which any one directly interested in shipping interests will be welcome to attend.

Since the Manufacturers' and Shippers' association has made public its complaint and grievance against the car service because of the failure to haul coal in sufficient quantities and also because of delays in shipments of raw material to factories and mills, another class of shippers has made complaint. It embraces the small shipper with consignment of car lots and frequently smaller quantities. While this class of consignments has not been looked on by the railroads as having any great degree of importance, yet the small shippers are contending that their interests are vitally affected and delay in car service concerns them and interferes with their business quite as much as the larger shippers of the manufacturing and wholesale class.

BUSY FRISCO PEOPLE ARE NOW PLANNING FOR WORLD'S FAIR

Will Celebrate Balboa's Big Find and Completion of the Canal.

San Francisco, Dec. 11.—San Francisco proposes to have a world's fair in 1813. The project was proposed shortly after the fire and is no longer an uncertainty. Fifteen citizens have formed a corporation to be known as the Pacific Ocean Exposition company, which plans to give a mammoth fair in 1913, to commemorate the four hundredth anniversary of the discovery of the Pacific ocean by Balboa and the completion of the Panama canal. The joining of the two ideas by the promoters seemed especially appropriate since it was after crossing the isthmus that the navigator first looked on the Pacific. The organization is capitalized at $5,000,000.

GENERAL SHERWOOD GETS SEAT.

Democrat Will Go to Congress From Ninth Ohio District.

Columbus, Ohio, Dec. 11.—General Isaac R. Sherwood, the democratic candidate for congress from the Ninth district will get the certificate of election. The supreme court so decided today. The court sustained the demurrer of General Sherwood to the mandamus petition of Elmer G. McClellan the republican candidate to compel the state canvassing board to take notice of the fact that a part of the vote cast for General Sherwood was upon an independent ticket, he contending that the Dana law was not properly repealed in the last general assembly. The court refuses to do this.

POPE NAMES HIS PHYSICIANS.

Rome, Dec. 11.—The pope today appointed as his private physician Dr. Giuseppe Potacci and as his consulting physician Dr. Ettore Marchiafeva, professor of pathology at the University of Rome.

CASE AGAINST THE GILMANS STILL MYSTERY

Sister and Brother of Murdered Girl Arraigned on Homicide Charge.

Dayton, Ohio, Dec. 11.—Collins and Fayne Gilman are under arrest for alleged complicity in the murder of their sister, Dona Gilman, whose lifeless body was found near her home in Arlington Heights three weeks ago. Both have pleaded not guilty. Fayne Gilman was not locked up, but was permitted to remain at the home of a friend. Collins was committed to jail.

Collins and Fayne Gilman were arraigned in Magistrate Wagner's court today and pleaded not guilty to the charge of aiding and abetting the murder of their sister, Dona. They will be given a preliminary hearing Friday. Collins was returned to jail, while his sister Fayne was given liberty on her own recognizance by agreement of attorneys and the court.

Nothing developed at the arraignment which would indicate what evidence the detectives have against the accused. They say they have good evidence, but decline to discuss the details. No motive the family might have for desiring the death of the girl has been disclosed. Cross examined times innumerable since the tragedy, three weeks ago, they have adhered faithfully to the same straightforward story.

PRESIDENT MUST SHOW US, SAYS CHESTY SENATE

Refuse to Confirm Cortelyou and Garfield for Good Reasons.

Washington, Dec. 11.—Before the senate confirms the nominations of George B. Cortelyou to be secretary of the treasury and James R. Garfield to be secretary of the interior, the senate committee on finance will insist upon learning from President Roosevelt when Secretaries Shaw and Hitchcock intend to retire.

The committee today declined to make favorable reports on these nominations until word has been received from the president.

HURT IN ACCIDENT, HE DIES IN DENVER HOSPITAL

Fred Driver, Former Fort Wayne Boy, Succumbs to Injuries.

Fred Driver, formerly of this city, died Monday in a hospital at Denver, Colo., as the result of injuries sustained in a railroad accident.

The young man was a son of Lancien Driver, formerly a passenger conductor on the Nickel Plate railroad, and the family removed to Salida, Colo., about nine years ago. Fred Driver was 20 years of age and was employed as a brakeman on the Rio Grande railroad when he received the injuries resulted in his death. Charles Driver, of this city is an uncle of the deceased.

BROWN STILL LIVING.

Utah Man May Recover and Woman Who Shot Him Feels Better.

Washington, Dec. 11.—The remarkable fortitude and vitality shown by former Senator Brown, of Utah, who was shot by Mrs. Anna M. Bradley last Saturday, led the physicians at the Emergency hospital today to believe that his chances for recovery are good, should no complications set in. His condition continues to improve. Favorable reports from the bedside of the wounded man have had the effect of raising the spirits of Mrs. Bradley. She was much more cheerful today.

HEAD SHRINER ARRESTED.

Kansas City, Mo., Dec. 11.—Harry H. Allen was arrested here today on information sworn out by three members of the finance committee on Ararat temple of the Ancient Arabic Order of Nobles of the Mystic Shrine, of this city, charging him with the embezzlement of $7,614 as recorder.

FULL CITIZENSHIP FOR PORTO RICANS

President Transmits to Congress a Special Message on Affairs of the Island.

TELLS WHAT HE SAW ON HIS TRIP

Washington, Dec. 11.—President Roosevelt today transmitted to congress a special message on Porto Rican affairs. Among other things the president urges that full citizenship be conferred upon the people of the island. The message follows:

To the Senate and House of Representatives:

On November 21 I visited the island of Porto Rico, landing at Ponce, crossing by the old Spanish road by Cayey to San Juan, and returning next morning over the new American road from Arecibo to Ponce; the scenery was wonderfully beautiful, especially among the mountains of the interior, which constitute a veritable tropic Switzerland. I could not embark at San Juan because the harbor has not been dredged out and can not receive an American battleship. I do not think this fact creditable to us as a nation, and I earnestly hope that immediate provision will be made for dredging San Juan harbor.

I doubt whether our people as a whole realize the beauty and fertility of Porto Rico, and the progress that has been made under its admirable government. We have just cause for pride in the character of our representatives who have administered the tropic islands which came under our flag as a result of the war with Spain; and of no one of them is this more true than Porto Rico. It would be impossible to wish a more faithful, a more efficient and a more disinterested public service than that now being rendered in the island of Porto Rico by those in control of the insular government.

Educational Development.

I stopt at a dozen towns all told, and one of the notable features in every town was the gathering of the school children. The work that has been done in Porto Rico for education has been noteworthy. The main emphasis, as is eminently wise and proper, has been put upon primary education; but in addition to this there is a normal school, an agricultural school, three industrial and three high schools. Every effort is being made to secure not only the benefits of elementary education to all Porto Ricans of the next generation, but also as far as means will permit to train them so that the industrial, agricultural and commercial opportunities of the island can be utilized to the best possible advantage. It was evident at a glance that the teachers, both Americans and native Porto Ricans, were devoted in their work, took the greatest pride in it, and were endeavoring to train their pupils, not only in mind, but in what counts for far more than mind in citizenship, that is, in character.

I was very much struck by the excellent character both of the insular police and of the Porto Rican regiment. They are both of them bodies that reflect credit upon the American administration of the island. The insular police are under the local Porto Rican government. The Porto Rican regiment of troops must be appropriated for by the congress. I earnestly hope that this body will be kept permanent. There should certainly be troops in the island, and it is wise that these troops should be themselves native Porto Ricans. It would be from every standpoint a mistake not to perpetuate this regiment.

Cane and Tobacco Culture.

In traversing the island even the most cursory survey leaves the beholder struck with the evident rapid growth in the culture both of the sugar cane and togacco. The fruit industry is also growing. Last year was the most prosperous year that the island has ever known before or since the American occupation. The total of exports and imports of the island was forty-five millions of dollars as against eighteen millions in 1901. This is the largest in the island's history. Prior to the American occupation the greatest trade for any one year was that of 1896, when it reached nearly twenty-three millions of dollars. Last year, therefore, there was double the trade that there was in the most prosperous year under the Spanish regime. There were 210,273 tons of sugar exported last year, of the value of $14,186,319; $3,555,166 of tobacco, and 28,290,322 pounds of coffee of the value of $3,481,102. Unfortunately, what used to be Porto Rico's prime crop—coffee—has not shared this prosperity. It has never recovered from the disaster of the hurricane and, moreover, the benefit of throwing open our market to it has not

BURROWS ASKS THE SENATE TO FIRE SMOOT

Because of His Connection With Mormon Hierarchy Is Ineligible.

Washington, Dec. 11.—At the conclusion of the morning business in the senate today Senator Burrows, chairman of the senate committee on privileges and elections, called up the resolution from that committee declaring that Hon. Reed Smoot is not entitled to a seat as senator of the United States from the state of Utah and addressed the senate on that subject.

Senator Burrows first reviewed historical facts in connection with the establishemnt of polygamy by the Mormon church. He said there had been no proof submitted to sustain the allegation that Mr. Smoot is a polygamist, adding that the recommendation of the committee on privileges and elections in favor of declaring vacant the seat of the Utah senator is not based on such a charge.

Mr. Burrow's impeachment was based entirely upon the connection of Mr. Smoot with the governing body of the church, consisting of the presidency and the twelve apostles. He referred to this body as a "hierarchy," and said: "The power exercised by this body is far-reaching and commanding, holding in its grasp practically the entire membership of the organization and through it the domination of the state by arrogating to itself and inculcating the belief in its followers that they are endowed with supernatural powers as 'prophets, seers, and revelators,' and specially commissioned by the Almighty to dominate the affairs of this world, and that resistance to the will of this theocracy is rebellion against God. The testimony fully sustains the allegation that the Mormon priesthood is vested with supreme authority in all things, temporal and spiritual; and that the first presidency and the twelve apostles are supreme in the exercise and transmission of the mandates of this authority."

Under Complete Mormon Domination.

He said that "since the admission of Utah into the Union the people of the

RECTIFIERS DESIRE TO DEFINE RED LIQUOR

Would Substitute Definitions for Those in Food Law.

Louisville, Ky., Dec. 11.—The national pure food commission has received from the rectifiers a substitute for the tentative standards of whiskey which it has advanced. The substitute provides:

Whiskey is the alcoholic distillate from fermented grain.

"Straight whiskey" is that which has been aged, matured or refined in wood.

"Blended whiskey" is a compound of whiskey of different ages, or is a mixture of whiskey with neutral spirits, to which harmless coloring or harmless flavoring may be added.

In offering "blended whiskey" for sale, the label on package or bottle must plainly state that it is a blend.

"Whiskey," "malted whiskey," "rye whiskey," "bourbon whiskey" or other specific named whiskey except a "blended whiskey" must conform to the following standard:

"Amber-colored liquid having a distinctive odor and taste of oak wood extract and the flavor of the esters derived from the grain mash used, and must conform with the standard for 'whiskey' as stated in the eighth decennial revision of the United States pharmacopeia with the following exceptions and additions: Total solids should not be less than 0.15 gms, nor more than 0.5 gms. of whiskey solids to the 100cc of whiskey at 100 per cent proof; the coloring should be mostly soluble in amyl alchohol.

"Neutral spirits is alcohol of the eighth decennial revision of the United States pharmacopeia that has been purified by column distillation and is free from the impurities incidental to its manufacture or otherwise.

"Blended whiskey when sold as such shall, unless sold under a professed standard of proof, have a proof strength of at least 88 per cent and shall be free from any substance that is not necessary ingredient thereof."

Colonel John B. Thompson, of Harrodsburg, Ky., was the first speaker today.

MINERS ENTOMBED IN WESTERN SHAFT LIVING

No Way of Getting at Six Men Because Company Refuses to Blast.

Los Angeles, Cal., Dec. 11.—The six miners who were entombed at the Edison Electric company's works in the Kern river canyon Friday morning by the cave-in of the shaft in which they were working were alive at 11 o'clock Monday morning. An old miner, C. E. Moore, came from the works late last night and states positively that 11 o'clock in the morning the signals of the miners' code transferred over the steel rails of the tramway leading down the shaft were exchanged between the helpless miners and a party of rescuers working from the top of the shaft. Saving their lives is looked on as next to impossible. Three rescue parties have been at work since Friday and little or no progress has been made.

Moore states that despite the pleading of the miners and workmen, the Edison company will not issue orders to blast through the shaft from the bottom so as to pass through the caved-in bulwark. Moore believes that the entombed men have broken one of the water pipes running down the shaft and are keeping alive by drinking water.

LABOR LEADERS SEE ATTERBURY

Grievances of Men on Pennsylvania Lines West are Presented.

Philadelphia, Dec. 11.—A joint committee of labor leaders called on General Manager Atterbury of the Pennsylvania road today to discuss the grievances of the various classes of men employed by that company west of Pittsburg. No decision was reached today.

TRIED TO GET MAYOR.

Colonel Hogeland, father of the curfew, called at the mayor's office this morning with the intention of asking Mr. Hosey to address the meeting at the assembly room of the court house tomorrow evening on the subject of the curfew, but unfortunately the mayor was out of the city. Colonel Hogeland will address the city council this evening on the curfew question.

The following persons have been appointed members of the curfew committee from the Simpson M. E. church: R. B. Evans, Mrs. Sarah Hines, Mrs. Emma Logue, Mrs. C. Griswold, A Haviand and J. E. Freshwater.

ROLLING MILL LABORER WAS FOUND DEAD IN HIS BED.

J. M. Johnson Had Been Lifeless Several Hours When Discovered.

J. M. Johnson, known as "Sandy" and in former years a rolling mill employe, was found dead in bed at the home of F. P. Rosselot, 1512 North Harrison street, about 12:30 o'clock this afternoon. He had been dead about two hours and death is thought to have been due to heart failure.

Johnson was about sixty years of age.

When Rosselot conducted a saloon in the rolling mill district Johnson worked for him and yesterday afternoon he went to the Harrison street residence. He was there for dinner and again for supper and asked to stay all night, as he was homeless.

He was permitted to stay and about half-past 8 this morning he asked for a drink of whisky, but there was none in the house and Mrs. Rosselot gave him some blackberry wine. This was the last seen of him alive. At noon a son of the family went to call him and found him dead. The cooner was summoned and the body taken to Schone's undertaking parlor.

During the forenoon children of the family were at play about the house with a dog to which Johnson had been greatly attached, and in the course of their rambles the children entered Johnson's room. Unlike it's usual custom, however, the dog refused to go near Johnson's bed, but shunned it. When later the man was found to be dead the children recalled the peculiar actions of the animal.

PROMINENT LAWYER ARRESTED.

Daniel F. Raum Charged With Forgery at Peoria.

Peoria, Ill., Dec. 11.—Daniel F. Raum, a prominent lawyer of this city, and a son of Green B. Raum, ex-commissioner of pensions of the United States, stands accused of being a forger in the sum of $10,000. It is charged he executed false mortgages on Knox county land and F. O. Cunningham, a money broker, is the complainant. Raum surrendered to the state's attorney, admitting his guilt. He was placed in the county jail.

Raum told a story of traveling with a class in society which required means far beyond his own. He detailed how he had committed his first crime to secure money for his living expenses. He could not meet the forgery when he had expected and another resulted. The gross amount of his forgeries aggregates $10,000.

Louisville, Ky., Dec. 11.—A special from Owensboro, Ky., says in a decision handed down today Judge Burkhead holds that a tobacco grower who pools his crop with the American Society of Equity has no right to sell his tobacco except with the consent of the society.

He granted the injunction asked to restrain the sale in question.

A letter was received here today from J. A.Everett, of Indianapolis, Ind., president of the society of equity, offering, on his account, a reward of $200 for the conviction of the person or persons who set fire to the Princeton warehouses.

COLD WATER MEN MEET.

Prohibition State Conference is Held in Indianapolis.

Indianapolis, Dec. 11.—The prohibition conference and state committee meeting opened today in the palm room, Claypool hotel, with an invocation by Rev. Aaron Worth. Prof. L. W. Lough, Waynestown; David Burwell, Indianapolis, and others made brief speeches under the general subject of "Echoes From the Campaign." This was followed by reports of the state officers of the organization and a message from the national chairman, Charles R. Jones, of Chicago.

At the meeting of the state central committee, H. J. Hall, of Franklin, state chairman of the committee, announced that his term had ended and that he would not be a candidate for re-election. The names to be presented for that position will be Prof. L. W. Lough, Wayneatown; A. L. Crim, Indianapolis; Prof. R. F. Boger, Shelbyville, and W. H. Hill, an attorney of Vincennes. State officers are also to be elected and the work of the committee for the coming year will be planned.

The Varsity Dancing club will hold a dance at the Mulqueen Dancing academy this evening.

GARRETT DAMAGE CASE IS SETTLED BY AGREEMENT

Federal Court Has Begun Its December Term in Fort Wayne.

With Honorable Albert B. Anderson presiding, the December term of the United States district and circuit courts convened in Fort Wayne at 2 o'clock this afternoon. Judge Anderson, with Clerk Noble C. Butler, reached the city at noon from Indianapolis. Deputy United States Marshal A. Boyd, of Indianapolis, was here some hours earlier.

One of the principal cases scheduled for trial at the present term, that of Shannon, administratrix, vs. the Baltimore and Ohio Railroad company, a suit for damages in the sum of $10,000, was settled by agreement of the parties and consequently did not come to trial. It was a case from Garrett in which the widow of a former engineer on the Baltimore and Ohio railroad was demanding $10,000 for the accidental death of her husband in the Garrett yards in January, 1905. Under the agreement Mrs. Shannon will receive $5,500 from the company. Engineer Shannon was backing his engine into the shops at Garrett when he was struck in the head by the projecting corner of a box car which stood on an adjoining track, and was so badly injured that he died an hour later. Many witnesses had been subpoenaed from Garrett on the case, among those here being G. W. Spencer, trainmaster; J. B. Hersh, night yard master; G. B. Spencer, J. W. Baker, C. C. Chew, T. B. Hart, Homer Lewis, Charles Eppert, W. C. Gingery, James King and Roy McKinley. Attorneys in the case were Skiles, Green & Skiles, of Shelby, Ohio, and Harper & Eggeman, of this city, for the plaintiff, and Miller, Shirley & Miller, of Indianapolis, for the railroad company.

Immediately after court convened judgment by agreement was entered in favor of Mrs. Shannon for $5,500 and costs.

Petit Jurors Drawn.

Members of the petit jury, selected from the northern portion of the state, reported at the federal court room at 9 o'clock this morning, and were excused until afternoon. The jurors drawn for service during the present term are as follows:

John C. Aultman, Huntington; I. N. Neff, Mount Zion; Edward H. Combs, Fort Wayne; Leander Dunbar, Lime Grove; Andrew J. French, Lime Grove; John S. Glenn, Huntington; Andrew J. Glutting, Fort Wayne; John W. Holmes, Portland; B. F. Johnson, Montpelier; George McClurg, Plum Trea; Herman Michael, Fort Wayne; Paul Moffet, Hartford City; L. A. Butler, Bluffton; Preston Orr, Redkey; J. A. Rogers, Monument City; Maurice Sawyer, Bluffton; Rudolph Schlender, Montpelier; Samuel Secrist, Hecla; David Steele, Decatur; Thomas O. Stephenson, Portland; John T. Sutton, Dunkirk; George H. Thompson, Huntington; Anthony A. Weber, Huntington; August Wasmuth, Roanoke.

Session Will Be Brief.

United States Marshal Henry C. Pettit accompanied the other court officials to Fort Wayne at noon. John Hess and John Jones were appointed bailiffs. The settlement of the Garrett damage case before it came to trial removed all occasion for the use of a jury and made it certain that the term will be a very brief one. The jurors are being paid off and dismissed and it is expected that the work of the term will be completed today.

The first case taken up was that of Mrs. Magdalena Weisser vs. the park commissioners of Fort Wayne, contending against the condemnation of land on Hanna street in this city for park purposes. The argument was on motions of Mrs. Weisser to dismiss the proceedings. City Attorney Guy Colerick appeared for the city of Fort Wayne and Breen & Morris represented Mrs. Weisser.

THE JUNIOR THEODORE IS DOING SOME STUNTS

President's Son Doing a Few Dignified Turns to Get Into a Society.

Cambridge, Mass., Dec. 11.—With a large pickle carefully balanced on the end of a long hatpin, in his extended right hand, Theodore Roosevelt, jr., put in another strenuous day of initiation into the "Dickie" society, and went to bed last night feeling that he had done a good day's work.

Roosevelt is certainly being given as severe an initiation as was ever devised for a candidate in this famous Harvard organization. Sunday night, after he had recovered from the hard stunts of Saturday, he was "requested" to attend a little function in the "Dickie" club house on Holyoke street. There he was required to sing "Old Black Joe" backward to the tune of "The Star-Spangled Banner." He is said to have given promise of vocal accomplishments.

Eats Ice Cream and Catsup.

Refreshments were served, during which Teddy sat upon a raised dais and consumed enormous amounts of ice cream, plentifully seasoned with tomato catsup, with Jamaica ginger added as an evidence of good taste. The feast was topped off by a toast to the president drunk by Teddy with milk.

He hit the trail yesterday morning at 4 o'clock in a driving snow storm. He was ordered to take an early car to a suburb, where at a certain house he was directed to go to another suburb, about ten miles away. There at a given house he was handed a pickle and a hatpin. With these in the position indicated he walked three miles to the railroad station, took a train to Boston, walked the entire length of two streets in the retail shopping district, and then, boarding a car for Cambridge, offered to sell the pickle to every one on the car for a $10 bill—no more no less. Having failed to dispose of his pickle, he was then required to board six cars in Harvard square and kiss the picture of every woman in the advertisements.

Is Given Short Rest.

By this time it was well along in the afternoon and he was given the rest of the day off. Today he will continue his stunts, but, having been so faithful yesterday, the remainder of the week's work will be comparatively easy.

Young Roosevelt, when asked how he was enjoying himself, said his orders not to talk to anyone were positive, and he would not discuss his new job except to say he has no kick coming yet for he expected to be initiated "proper."

CITY BREVITIES.

On the evening of December 28 the Order of Railway Conductors' wives will install officers and hold a dance in the Tanner dancing academy.

The local aerie of Eagles gave a very well attended pedro party last evening in the Hanker dancing academy. John C. Helmkamp was chairman of the committee which had charge of the arrangements.

The College Sewing society of the Emanuel's Lutheran church will meet Wednesday afternoon with Mrs. Helmkamp, sr., on Harrison street.

Edward Meyers, of John street, formerly with the Marttene Piano company, has accepted a position with the Jacobs store.

Dr. E. F. Wagner, examiner for the Pennsylvania Voluntary Relief association, is devoting this week to pension board work. Today he is a member of the board which meets in Chicago and Thursday he will go to Cincinnati upon a similar mission.

J. R. McFeeley, P. C. Evans and F. H. Crick are new employes at the Wabash shops. Mr. McFeeley is a stationary engineer.

Julius Tonne, of the Fort Wayne Foundry and Machine works, went to Decatur, Ind., this morning to take the measurements for a lot of structural work for the building of the Decatur Packing company, now in the course of erection.

Friday evening the Sans Souci club will hold a dance at the Mulqueen Dancing academy.

Dr. K. C. Evans, of Edgerton, Ind., is in the city on a business trip.

Frank Pollock, of 240 Wallace street, desires it to be known that he is not the man of that name whose domestic affairs have been aired in police court recently.

Henry C. Tonsing, a young stenographer and clerk employed at Hoffman Bros. Co., a few days ago surprised himself as well as his fellow clerks while testing the speed of a new typewriter placed in their office on trial by writing 121 words a minute. The world's record of the average number of words per minute for an hour is 82, and Mr. Tonsing has hopes, with a little practice, of being able to break this record for an hour's work, and judging from the extremely high speed developed in this short contest, it is very probable that his hopes will be realized.

Monroe County Farmer Gets His Gun and Also Busy.

Bloomington, Ind., Dec. 11.—A report reached here today that Joseph Ferguson shot and perhaps fatally wounded Gorman Lentz and Tillman Lentz, neighboring farmers living north of here during a dispute over a road. Ferguson escaped and is being pursued by officers.

BURROWS ASKS THE SENATE FIRE SMOOT

(Continued from Page One.)

state have been, if possible, more completely under the domination of the Mormon hierarchy than during the long years of their territorial existence," and in support of this statement added: "Immediately and at the very first election thereafter the hierarchy resumed its domination in state affairs, taking possession practically of every official position in the state government, and has held them ever since with unyielding tenacity. The only office held by a non-Mormon under the state government during the ten years of its existence, as an elective officer has been the attorney general."

He cited many instances of political interference not only in Utah but adjoining states, and quoted at length the church manifesto of 1896 requiring members to obtain the consent of the hierarchy before becoming candidates for office. Smoot had been compelled to obtain this permission. "He was nominated by the hierarchy" said Mr. Burrows, "and the selection ratified by the legislature. He went on: "No more cunningly devised scheme could possibly be concocted to put the church in politics and make it potential therein than this. For, the moment it is known that a candidate has the indorsement of the church and permission of the hierarchy to be a candidate that moment he has back of him the whole power of the Mormon church, and his election is assured. There has been no case in which a candidate for a high office in Utah has obtained the consent of the church to run and has been defeated."

Practice of Polygamy Proved.

He said that Mr. Smoot's membership in the church governing body which inculcates a belief in polygamy, is conceded. Concluding that the members of the hierarchy teach polygamy as a principle of human conduct, he took up the question as to whether they practice it. On that point he said:

"The evidence upon this point is so complete and overwhelming as to leave no doubt as to the truth of the allegation. The proof is indubitable that in spite of the manifesto of 1890 issued by the head of the church, counseling the suspension of polygamy; in spite of the expressed inhibition of the constitution of the state and of the statutory prohibition of the commonwealth, it appears that a majority of the members of this hierarchy has continually and persistently lived in polygamy, and is today openly and confessedly defying the laws of the land prohibiting such crimes. The record is so shocking as to challenge credulity."

He spoke in this connection of the astonishment of the committee at the confessions of President Smith and of the revelations of the fact that eight of the twelve apostles have plural wives.

Papa Smith's Large Family.

Referring to Smith's confession of five wives and forty-two children Mr. Burrows added:

"If the public press is to be credited, this number has been augmented during the last year to forty-three, and while we are discussing the right of the representative of the hierarchy to a seat in this body, we can imagine its saintly head sitting in the home of his fifth plural wife, rocking the cradle of the latest illegitimate offspring of his debauchery and crime, and with sanctimonious air singing the familiar hymn of his church:

"Now the Gentile reign is o'er,
Darkness covers earth no more,
Gentile tyrants sink to Hell,
Now's the day of Israel."

He then declared that "it is shown by the testimony that the majority of the apostles are living in polygamous cohabitation, including the president of the twelve."

He went on:

"Plural marriages are performed in secret in darkened rooms on the highways remote from habitation."

Members of Hierarchy Polygamists.

Coming to the connection of Senator Smoot with the hierarchy Mr. Burrows said that practically all of its members were polygamists when he became a member. "The vital question, therefore, is," he said, "can one become a member of and identify himself with a band of law-breakers, knowing them to be such, participate in their counsels, and sustain them in their conferences, and yet escape all responsibility for their unlawful acts? Such a contention will not stand the test of either law or reason.

"The senators complicity in encouraging polygamy and polygamous cohabitation does not consist wholly in the fact that he is one of the governing body of that church. By repeated acts he has, as a member of the quorum of the twelve apostles, given active aid and support to the hierarchy in its defiance of the statutes of this state and the laws of common decency, and in its encouragement of polygamous practices by both precept and example."

Smoot Is Disqualified.

Senator Burrows concluded as follows:

"It is submitted that the senator, by becoming a member of and identifying himself with such organization and participating in its functions, has disqualified himself for membership in this body. An organization that fosters and encourages crime; tramples upon all law, human and divine; practices polygamy and polygamous cohabitation; desecrates the home; degrades womanhood; debauches public morals; strikes at the Christian civilization of this age; undermines and shakes the foundations of human society and government; destroys the sanctity of the marriage relation; denies the authority of the state and national government; registers an oath of hostility to the American nation and brings the name and fame of the good people of Utah into disrepute and shame and humiliation to the American people—I submit that such an organization is not entitled to have its representative in the senate of the United States, and I therefore ask the adoption of the resolution."

REPUBLIC PLANS HARSH MEASURES

(Continued from Page One.)

Richard, archbishop of Paris, has strongly censured the placarding of appeals to the clericals to make violent resistance to the officers of the law. "No violence" he says, "but passive resistance to the unjust law, after exhausting all protests at every step."

Assume Role of Martyrs.

This is the disposition so far as the higher ecclesiastics are concerned, but their followers evidently have no intention to submit and are preparing to assume the role of martyrs, abandon the churches and organize private worship.

Cardinal Richard and many of the bishops already have begun the removal of their private effects from the Episcopal mansions and the clergy are preparing to leave their rectories and move into hired lodgings. It is announced that the parish priests have received very many offers of places in which to hold religious services, but there is not the slightest indication that they intended to take advantage of the sole remaining chance to retain their churches, namely by making the declarations called for by the law.

Stern Measures Proposed.

The government continues to present a calm front, although the ministers realize that additional legislative power will be necessary if serious trouble occurs.

Receivers have been appointed everywhere to assume charge of the sequestered property and three policemen will be stationed tomorrow at the doors of each of the churches to report violations of the law; but as such violations can only be tried in the police courts and as the penalties are only fifteen francs fine and fifteen days' imprisonment, with the right of appeal, sterner measures may be necessary, and the government will probably accept the bill introduced in the chamber of deputies yesterday by M. Meunier, republican, providing that all buildings, presbyteries and so on, occupied by ecclesiastics shall definitely escheat to the state, the departments and the communes on the enactment of the law providing for the separation of church and state at once make arrangements that the sequestered property shall not be used, like the hospitals, for special purposes or public charities; to suppress the pensions of the clergy who do not conform with the laws of 1905 and 1881 and to summon all the priests of military age to the colors, to serve their time in the army with other Frenchmen liable to military duty.

Think Pope is Mistaken.

The tone of the republican press of all shades indicates that if the pope imagines that an uncompromising attitude will compel the French government to open negotiations with the vatican he has woefully mistaken the temper of the people, which favors a more hostile rather than a more conciliatory attitude.

In the hope of effecting a compromise several deputies, headed by Georges Leygues, radical republican, ex-minister of the colonies, have telegraphed to the mayors of the communes asking them to induce two Catholic laymen from each parish to make the declaration, under the law of 1881, which the pope has forbidden the parish priests to make.

BUT ONE LEADER LIVING.

Fight With Pulajanes Was a Great Government Victory.

Manila, Dec. 11.—Full reports from the island of Leyte show that the fight on December 5 between the troops and constabulary and a band of Pulajanes was an important victory for the government. Four Pulajane leaders were killed, leaving only one important chief still at large. The bandits lost forty-three killed. Major General Wood has ordered the troopers of the seventh cavalry to participate in the active pursuit.

compensated for the loss inflicted by the closing of the markets to it abroad. I call your attention to the accompanying memorial on this subject, of the board of trade of San Juan, and I earnestly hope that some measure will be taken for the benefit of the excellent and high-grade Porto Rican coffee.

In addition to delegations from the board of trade and chamber of commerce of San Juan, I also received delegations from the Porto Rican Federation of Labor and from the Coffee Growers' association.

Would Make Them Citizens.

There is a matter to which I wish to call your special attention, and that is the desirability of conferring full American citizenship upon the people of Porto Rico. I most earnestly hope that this will be done. I can not see how any harm can possibly result from it, and it seems to me a matter of right and justice to the people of Porto Rico. They are loyal, they are glad to be under our flag, they are making rapid progress along the path of orderly liberty. Surely we should show our appreciation of them, our pride in what they have done, and our pleasure in extending recognition for what has thus been done, by granting them full American citizenship.

Under the wise administration of the present governor and council, marked progress has been made in the difficult matter of granting to the people of the island the largest measure of self-government that can with safety be given at the present time. It would have been a very serious mistake to have gone any faster than we have already gone in this direction. The Porto Ricans have complete and absolute autonomy in all their municipal governments, the only power over them being possessed by the insular government being that of removing corrupt or incompetent municipal officials. This power has never been exercised save on the clearest proof of corruption or of incompetence—such as to jeopardize the interests of the people of the island; and under such circumstances it has been fearlessly used to the immense benefit of the people. It is not a power with which it would be safe, for the sake of the island itself, to dispense at present. The lower house is absolutely elective, while the upper house is appointive. This scheme is working well; no injustice of any kind results from it, and great benefit to the island, and it should certainly not be changed at this time. The machinery of the elections is administered entirely by the Porto Rican people themselves, the governor and council keeping only such supervision as is necessary in order to insure an orderly election. Any protest as to electoral frauds is settled in the courts. Here again we would not be safe to make any change in the present system.

Elections Absolutely Orderly.

The elections this year were absolutely orderly, unaccompanied by any disturbance; and no protest has been made against the management of the elections, altho three contests are threatened where the majorities were very small and error was claimed; the contests, of course, to be settled in the courts. In short, the governor and council are co-operating with all of the most enlightened and most patriotic of the people of Porto Rico in educating the citizens of the island in the principles of orderly liberty. They are providing a government based upon each citizen's self-respect, and the mutual respect of all citizens; that is, based upon a rigid observance of the principles of justice and honesty. It has not been easy to instil in the minds of the people unaccustomed to the exercise of freedom, the two basic principles of our American system; the principle that the majority must rule, and the principle that the minority has rights which must not be disregarded or trampled upon. Yet real progress has been made in having these principles accepted as elementary, as the foundations of successful self-government.

I transmit herewith the report of the governor of Porto Rico, sent to the president thru the secretary of state.

All the insular governments should be placed in one bureau, either in the department of war or the department of state. It is a mistake not so to arrange our handling of these islands at Washington so as to be able to take advantage of the experience gained in one, when dealing with the problems that from time to time arise in another.

In conclusion let me express my admiration for the work done by the congress when it enacted the law under which the island is now being administered. After seeing the island personally, and after five years' experience in connection with its administration, it is but fair to those who devised this law to say that is would be well-nigh impossible to have devised any other which in the actual working would have accomplished better results.

JOHN Z. WHITE WILL SPEAK.

First Presbyterian Men's Club Will Hear of Henry George.

This evening the regular meeting of the First Presbyterian Church Men's club will be held in the parlors of the church and John Z. White, of Chicago, will deliver an address on "Henry George and the Single Tax Theory." A large attendance is expected.

Henry T. Stapleford, who recently returned from a trip to Persia, will again deliver his lecture on that country at the Wednesday evening prayer meeting of the church tomorrow. What he will say will largely be in connection with the work of Miss Lillian Beaber, who is a missionary from the church in Tabriz.

On Sunday afternoon, December 23, the most unique Christmas service in the history of the church will be held in the auditorium. As a part of this service the people of the congregation are asked to bring gifts for the Christmas manger. All the gifts thus received will be distributed among the charities of the city during Christmas week.

The regular meeting of the Woman's Missionary society of the church will be held on Friday afternoon, December 14th, at 3 o'clock, in the bible class room of the church.

ARE WOMEN FINANCIERS?

One month ago the members of the Young Women's society of the Plymouth Congregational church were each given five cents and were to earn as much money as possible with that amount in a month's time. Last evening at the home of Mrs. B. Paul Mossman the report of the members was received. It was found that thirty-two members with the $1.60 which had been given them had raised the sum of $28. The showing is exceedingly satisfactory to those concerned and is especially gratifying, owing to the fact that no member used any money besides her five cents in increasing the amount.

SUFFERED LOSS OF $25.

An overheated stove in the dining room of Edward Martin, at 707 East Washington street, set fire to the furnishings of the room last evening about 9:30 o'clock and before the flames were extinguished by the members of the family had caused a damage of about $25. The fire department was not called.

How Diphtheria Is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. For sale by all druggists.

MASSACHUSETTS CITIES VOTE.

Nineteen Places Are Choosing City Officials Today.

Boston, Dec. 11.—Voters in nineteen Massachusetts cities today selected city officials for the new year and decided the license question. National political party lines were observed more generally than in the thirteen city elections held last Tuesday and while in some of the places little enthusiasm has been shown, other cities, notably Worcester, have witnessed vigorous campaigning. In the latter city the closing night of the struggle found Mayor John T. Duggan (dem.), who seeks a second term over Melvin G. Overlook (rep.), speaking at twelve rallies, while republican orators addressed six assemblies. The license question was a paramount issue in most of the municipalities.

The cities which elect are Boston, Beverley, Cambridge, Chelsea, Chicopee, Everett, Fall River, Holyoke, Lowell, Lynn, Malden, Medford, Melrose, Newburyport, Newton, Salem, Somerville, Woburn and Worcester.

The early hours were generally unfavorable for a heavy vote, walking being in most instances very slippery and the weather threatening rain or snow.

In Boston in the absence of a contest for mayor, the election resolved itself into contest for street commissioner, a member of the school committee, city government composed of 13 aldermen and 75 members of the common council and the license question.

ASTHMA SUFFERERS SHOULD KNOW THIS.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third street, Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." Dreier & Bro.

Workmen were digging a drain near the city hall of Bendigo, when the pick of one of them rebounded after having struck something hard. "That must be a nugget," remarked a jocular bystander. "I'll look," said the workman, and the next moment he had a lump of quartz thickly studded with gold in his hands.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription";

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) condition of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

SENATE SEAT PRESIDENT'S GOAL

President Roosevelt has very recently made known once more that he meant what he said on election night, 1904, when he announced that under no circumstances would he allow the use of his name in connection with a nomination for another term as president.

He has reiterated his purpose of retiring with even more emphasis than that indulged in at the time of his great triumph over Judge Parker, and this is due to the constantly recurring announcements of friends that he must run again because William J. Bryan is to be the democratic candidate and can beat any republican except Roosevelt.

Mr. Roosevelt does not share the view that Mr. Bryan will be a hard man to beat, but even if this should become clear it will make no difference as to his intentions. When he completes his present term he will have had seven and a half years as president, and he is satisfied that that is enough for him and ought to be enough for the American people. So he is going to take all necessary steps to prevent another nomination coming to him and fully expects to retire on March 4, 1908.

Friends of the president say that he finds office holding much more congenial since he put behind him all thought of being his own successor. He does not have to placate enemies or make friends with a view to controlling delegations, and he can take any position on public affairs without counting the cost in popularity. He has more freedom of action and can do exactly as he pleases without reference to its political effect.

There is little doubt that the president after he retires from the presidency would like to represent New York in the senate. He wants to have a hand in public affairs and does not propose to retire to the country and spend his days in seclusion. But those who fancy that the president is worrying about the senatorship do not know him. He has not mentioned it in any of his recent conversations with New York politicians, and he is not consulting with reference to whether Senator Depew or Senator Platt will resign to make room for him. He is simply going to take his chances, and if the senatorship comes, all well and good.

A CITY WITH A LID KEPT DOWN.

Columbus, Ohio, is the latest city to testify to the efficacy of a lid kept down tight. For several Sundays now every saloon has been closed, with the blinds raised so that an unobstructed view of the interior could be had. Last Sunday there was but one violation. The Ohio State Journal, published in Columbus, testifies to the success of the reform movement:

"Another Sunday of law enforcement has passed, and every other day of the week is better for it. It is better for the people that they get out of the saloons at least one day of the week, and that the opportunity should not be wide open on Sunday for the poor to be spending their wages for liquor. Some people may not like this, but the great mass of people do, and wherever the Sunday laws are not enforced there is treason to the people. It is not intended as a religious matter, this legal observance of the Sabbath, but it is contended, and rightfully, too, that the rest and recreation that religion has brought to Sunday should not be given over to saloon loafing and drinking, to crime and disorder, to poverty making and home spoiling. This is the idea the people have of the subject, and the idea is so fixed that there will be no backward steps. It is right, it is just, it is reasonable. And so the capital of the state purposes to continue for all time to be an example to all the other towns in the practice of the high virtue of obeying the law, and at the same time to be enjoying the wholesome fruits that come from the honest performance of one's duties."

Of course it may seem wholly idle to say that what has been found possible and desirable in Columbus would be found quite as possible and equally desirable in Fort Wayne, but it is true none the less. No city is more in need of such a reform and none perhaps has such poor prospect of getting it.

LET FORT WAYNE GROW.

The city council is evidently well-disposed toward the annexation ordinance now pending whereby territory in the eastern part of the city is proposed for addition to the corporate area of Fort Wayne. It is to be hoped the council will maintain the stand it already has taken and insist on bringing this region within the city limits. Fort Wayne must grow if she is to maintain her rank as the third city of Indiana. South Bend is crowding us close and Terre Haute, with high aspirations, is bending every energy to step into the place now held by Fort Wayne when the next census is taken. The territory it is proposed to annex ought to be a part of the city. Let the council stand by the action it already has taken.

Senator Tillman has canceled a lecture engagement with an Ohio church congregation rather than to give a promise not to swear. The pitchfork orator evidently knows his limitations as well as he does his capacities. A Tillman speech with the "cussin" left out would be too tame to hold a chrowd past his firstly.

Uncle Sam has barred letters to Santa Claus from the mails, but just about as many letters from the little folks will reach the jolly old gentleman as heretofore.

The Bellamy Storers seem not only not to know when they have had enough, but are also ignorant as to a sufficiency for the rest of us.

Postmaster General Cortelyou says that what the postal service of the country needs is less politics as an ingredient of the business. And now let's see—who is the chairman of the national republican committee?

Standard oil now claims it has had "a dip in Lethe Lake" and is immune to anything the government or the courts can do.

Track elevation in Fort Wayne has become largely a raising of something else?

FOUR PERSONS INJURED.

Pittsburg, Dec. 11.—Four persons were injured, none seriously, in a collision today of Mount Lebanon and Knoxville trolley cars at the south end of the Mount Washington tunnel. The accident was caused, it is said, by slippery rails.

AMBASSADOR FACES DEATH.

Baron Von Sternburg's Auto Runs Into Street Car at Washington.

Washington, Dec. 11.—Baron Speck Von Sternberg, the German ambassador, yesterday had a narrow escape when an electric car on Fourteenth street crashed into his automobile, the impact tearing the front end of the machine off and breaking the fender of the car. The ambassador's life was probably saved, an eye witness stated, by a quick application of the brakes by the motorman. The accident was caused by the chauffeur losing control of the machine while trying to cross the tracks in front of the car.

Baron Rosen, the Russian ambassador, had his big automobile touring car badly damaged tonight in a collision with an electric car at the corner of Seventeenth and I streets, northwest. The ambassador was waiting for its arrival to carry him to the home of Secretary Taft and only the chauffeur was in the machine. The latter narrowly escaped.

TARS IN UNIFORM AT PLAY.

Two Hundred Welcomed at Theater Which Has Roosevelt as Guest.

Washington, Dec. 11.—President and Mrs. Roosevelt and a number of naval officers last night attended the opening performance of Digby Bell and company in the comedy "The Education of Mr. Pipp" at the Columbia theater. Upon the special invitation of the management 200 sailors stationed at the Washington navy yard were present in uniform.

The theater management invited the sailors as an expression of their hearty accord with the sentiments expressed by President Roosevelt, Secretary Bonaparte and Admiral Dewey in reference to the exclusion of sailors while in uniform from a theater in Newport, R. I.

HORSE IS MADE EXECUTIONER.

Assassins Tie Rich Farmer to Animal Which Drags Him to Death.

Paruna, Okla., Dec. 11.—W. Scotty Smith, one of the most prominent and wealthiest farmers of Woods county, was called from his home Sunday night by a party of unknown men.

He was seized and bound with a rope drawn around his throat and dragged by a horse, which was set free, across freshly plowed ground until life was extinct.

The mutilated body was left on the open prairie and was discovered yesterday by the trail of blood on the earth. There is no clew to the identity of the assassins.

CHARGE POISON PLOT TO GIRL.

Indiana Parents Allege Daughter Put Acid in Milk.

Terre Haute, Ind., Dec. 11.—Estella Van Hook, aged 16, was arrested here yesterday accused by her father and mother of trying to poison them by putting carbolic acid in the milk. The girl admits she was about to leave home because of alleged cruel treatment by her parents, but denies she tried to kill her parents.

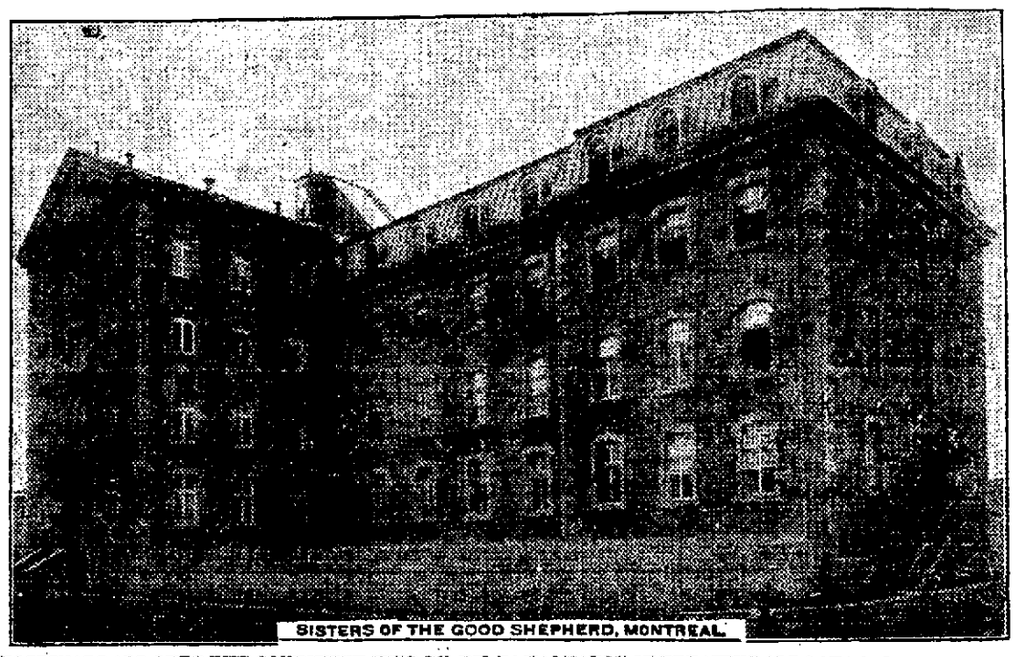
PROMINENT HOSPITALS SAY
PE-RU-NA DOES WONDERS
IN RELIEVING ALL CATARRHAL DISEASES.



SISTERS OF THE GOOD SHEPHERD, MONTREAL.

HOSPITALS ALL OVER THE CONTINENT FIND PE-RU-NA VALUABLE IN TREATING ALL CATARRHAL DISEASES.

CATARRH of the respiratory organs is a common ailment in Canada for at least two-thirds of the year.

This condition is no doubt caused by the long, severe winters experienced in this part of the continent.

Therefore, when Peruna was discovered by Canadian people to be a reliable remedy for these catarrhal diseases, it at once became a popular medicine, not only among individuals and in families, but in the great hospitals, where it was used as a preventative and relief in hundreds of cases.

These institutions do not hesitate to give their endorsement of the remedy which has been so helpful in the treatment of their poor and sick.

Among these institutions is that of the Sisters of Good Shepherd, who gave the following endorsement:

The Peruna Company,
Columbus, Ohio.

Having used Peruna for the past few months, for our sick and poor, we are happy to say that it has given us great satisfaction.

The Sisters of the Good Shepherd,
August 20, 1903. Montreal.

After a continued use of the remedy, this institution has found no reason to change its good opinion of the remedy and expresses its satisfaction in the following terms:

Montreal, Nov. 7, 1903.

We found Peruna a relief in several cases.

We can say it is a good tonic and we are very thankful.

Sisters of the Good Shepherd.

When catarrh once fastens itself upon the system, it becomes an obstinate disease to eradicate.

A systemic remedy—one that reaches every internal organ of the body—is an absolute necessity.

Peruna is just such a remedy. It searches out the cause of the disease, healing and strengthening the mucous membranes, and thus giving Nature an opportunity to perform her part of the restorative process.

One of the many hospitals which have found Peruna of value in treating old and obstinate cases of catarrh is the Hospital St. John, who write, as follows:

"We are happy to tell you that your Peruna has given us satisfaction. Three patients have tried it, one 68 years old, Renoui Dupuis, afflicted with catarrh, is much relieved, more than he has been for a number of years.

"A young girl, 15 years old, had an obstinate cough, which half a bottle of Peruna caused to disappear.

"As to myself, two bottles have convinced me that Peruna is magnificent as a tonic.

"Before the treatment I could not walk for a quarter of an hour without experiencing much fatigue. Now I can walk a mile easily.

"Through these three cases we desire to make known to the public the efficiency of your remedy."

Hospital St. John, of St. Johns,
Province of Quebec.

A later letter received from the same institution reads as follows:

"Three weeks ago I wrote to tell you how satisfactory we found Peruna. We recommend it highly for colds, coughs, catarrh and neuralgia.

"I have used it myself as a tonic with the best results, taken as directed, half a teaspoonful every half hour."

Peruna not only promptly relieves coughs and colds in their first stages, but is equally prompt and efficient for catarrhal diseases in the chronic stage.

Of course, it is only reasonable to suppose that a great deal less medicine will be necessary to cure a slight attack of catarrh than would be required to relieve the ailment after it had been allowed to become chronic.

Directions for taking the remedy will be found on each bottle, also in Dr. Hartman's book, called "The Ills of Life," which can be obtained from your druggist for the asking.

For special instructions write to Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Miss Annie Louise Cary appeared in a concert at the Academy of Music before a crowded house.

The West End club will be entertained next Friday evening at the residence of Thomas E. Ellison.

The Allen county bar met yesterday afternoon and adopted resolutions of respect to the memory of Fred T. Zollars, whose death occurred at Mason, Ill.

Judge Drummond, of Chicago, will arrive in the city next Tuesday to preside in the United States district court at the trial of the case of Morgan et al. vs. Simons et. al., involving the right to property along the canal bank near the Robinson house.

C. F. Lape yesterday rescued a cow from the jaws of death. Her hoof became fastened between a switch rail and the main rail of the Pittsburg road just west of the Fairfield avenue crossing, out of which position Charley helped her in time to save her from the deadly wheels of a freight train.

Rev. A. Marine, D. D., of Greencastle, was announced to lecture at the Wayne Street M. E. church on "Heresy and Heretics," the proceeds to be applied to the fund that is being raised for the M. E. college telescope. Judge Taylor will lecture for the same object some time in January.

Mayor Zollinger made public an official statement from the board of health, signed by Dr. W. H. Myers, Dr. Samuel C. Metcalf and Dr. James M. Dinnen, which read as follows: "There are now in the city no new cases of smallpox. All affected who remain in the city are convalescent. The disease is abating and no cause for further alarm exists. The few patients at the county hospital are doing well."

LAND FRAUD WAR WILL BE CONTINUED BY GOVERNMENT

Hitchcock in Annual Report Makes It Main Purpose of His Regime.

Washington, D. C., Dec. 11.—Ethan Allen Hitchcock, secretary of the interior, in his annual report refers to the prosecution of all persons conspiring to defraud the government of public lands, asserting that the efforts of the department will be continued. He says the enforcement of the law to protect the public domain has been the cardinal principle of his administration.

"It is to be regretted," says the secretary, "that the efforts made to release it from the grip of its despoilers have been met by every embarrassment that human ingenuity could devise; powerful influences have been concerned and have not hesitated to aggressively exert every agency that could be commanded to weaken the hand of the law; even local land office officials have been subservient to such influences and the punishment imposed by the courts has, in many cases, been so conspicuously inadequate as to encourage rather than deter violations of the law.

"In the discharge of my duty under the law I have proceeded without the slightest prejudice for or against any person or persons interested. Apparently they are all on the same footing; in my judgment, however, the higher the offender the greater the crime against society and law, because of the force and influence of the higher example. It is not possible for persons and corporations of great influence and power to maintain inclosures of the public lands in open disregard of a criminal statute, without thereby encouraging others to do likewise. Approximately 500,000 acres of the public domain are by unlawful means appropriated to the exclusive use of private interests for private gain."

The secretary devotes considerable space to Indian affairs, setting forth the steps taken to compel observance of the laws relating to these wards of the nation.

Pension Roll Is 985,971.

The pension roll was increased during the year by the addition of 33,000 new names, but losses from deaths and other causes showed a net loss for the year of more than 12,000. The total number of pensioners is 985,971.

The annual value of the pension roll, the amount required to pay the regular pension certificates (985,971), outstanding at the close of the fiscal year, was $186,237,749. The average annual value of each pension was $128.18, an increase of $1.22 over that of the former year. The average annual value of general law (civil war) pensions has increased from $187 to $191, of pensions under the act of June 27, 1890, from $113 to $114; while the average annual value of Spanish war pensions has decreased from $127.96 to $127.33 and those of the regular establishment from $174 to $173.

Work of Irrigation.

Substantial progress was made during the year in irrigation work.

"This investment in reclamation work," says the report, "whether considered in the aggregate or as so much per acre or per farm, is so great that the government can not take a merely passive interest in the matter. For each forty acre or eighty acre farm the government has made a cash outlay of from $1,000 to $2,000 or more, and must get back this sum in ten or fewer annual payments. There is thus, of necessity, an immediate and almost personal interest felt in the operations and ultimate success of each individual farmer of the thousands located under each irrigation system. The first step in dealing with these individuals is to form them into water users' associations, through whose officers, elected by the majority, it is possible to do business with the community."

The total enrollment in the public schools of the country is 17,006,375 and in private schools 1,889,838, or a total of 18,896,213.

Growth of Territories.

Referring to Alaska the secretary says the white population increased about 3,500 during the year, making the total 33,000. The construction of railways goes forward. The Alaska Central has built forty-eight miles of track. The Copper Ridge and Valdez lines also are being pushed.

The value of gold shipped from Alaska to the United States during the year was $12,638,000, against $9,000,000 the preceding year.

The figures on Hawaii are interesting as showing the preponderance of Jap population. By the census of 1900 the population of the territory was 154,001. Of this number, 39,787 were Hawaiians, the whites numbered 26,252, the Chinese 25,762, the Japanese 61,115, and other foreigners, 3,237. All Europeans and white Americans are classed as "whites."

New Mexico is in a prosperous condition according to the report. It produces 18,000,000 to 20,000,000 pounds of wool annually. More than 1,100 miles of railway has been built since 1898. This territory is destined to be one of the greatest coal producing sections of the union, with a tract of 1,000,000 acres and an available coal supply of 3,000,000,000 tons.

Oklahoma Rapidly Advancing.

Oklahoma's corn crop is valued at $37,500,000 and its cotton at $15,000,000. The cash value of the farms is $232,000,000. Of the 86,000 families more than 60,000 own their own homes. As the development of this section has taken place wholly within seventeen years its record is considered remarkable. Farm land ranges from $15 to $65 an acre. The territory has 2,600 miles of railway. The land set aside for use of the schools of the new state are valued at $30,000,000. Coal, oil and gas have been discovered.

Porto Rico's schools under the continued application of United States methods show marked advancement. Since the establishment of the insular government $500,000 has been spent in schoolhouse construction. There is a total enrollment of 60,781 pupils. The progress of the English language is highly satisfactory. During the last year there were 154 graded classes taught wholly or in part in English. Next year the number will be doubled. There are now nearly 150 Porto Rican teachers who have been certified by the department as capable of teaching in the English language.

The secretary make recommendations for the better protection of the various national parks in the western states.

BIKERS CONTINUE RACE IN SIX DAY MATCH IN GOTHAM

Crowds Watch Contestants Spurt for Gain of Lap in Endurance Test.

New York, Dec. 11.—There was no change during the night in the number of teams contesting, or in their positions in the bicycle race now in progress at Madison Square garden. Now and again the thousand or so of spectators who remained in the place all night were enlivened by an occasional spurt on the part of the riders, but on the whole the night was uneventful. A few spills occurred, but none of the riders were seriously hurt sufficiently to put them out of the contest.

Walthour caused most of the excitement in the early hours, especially when he made another desperate attempt to retrieve the lap which he lost when he was compelled to change partners after the accident to Hugh McLean, his original team mate. Try as he would, however, the other riders hung to him and he was compelled for the time to desist. He is confident, however, that he will eventually accomplish this purpose. Walthour is cheered and encouraged by his young wife, who is frequent at the track side. John Bedell, Walthour's partner now, is a strong rider and this combination is feared by the other contestants.

Every rider remaining in the race appeared to be in good condition today. They are a fast lot and could, if they would let themselves out, endanger the record. They are, however, reserving their strength for the trying days at the end of the week.

The score at 7 a. m., of all the teams except Walthour and Bedell, was 616 miles, five laps; the score of that pair was 616 miles and four laps.

The record for this hour is 640 miles and four laps made by Elkes and MacFarland in 1900.

HELD 678 MEETINGS.

Salvation Army Did Great Amount of Work Last Year.

Captain McKay announces that last year the Salvation Army in this city held 245 street meetings and 463 indoor meetings, a total of 678 meetings for the year. This great amount of work has been productive of much good and the Captain has recently received a letter from a business man of this city commending the work which the Army is doing here. The Army is not only supplying the temporal needs of men and women but is furnishing them spiritual comfort.

The following subscriptions to the Christmas dinner fund had been received up to noon today:

PERKINS DEFENDS THE INHERITANCE TAX PRINCIPLE

Thinks It Would Prevent a Good Many Unfortunate Title Marriages.

Washington, Dec. 11.—"Unless the supreme court should change its views there seems no question that the general government may constitutionally impose an inheritance tax," was an opinion laid down today in the house by Representative Perkins, of New York, who spoke at some length on the subject.

Expediency, according to the speaker, was the only question that should be debated in connection with an inheritance tax. He said that there was no reason that a man having fifty millions to dispose of should assert the right to give every dollar of it to his children.

"If the father harbors the desire that his descendants should be enormously rich people in the community, this is a vulgar desire entitled to no consideration," he said. "Certainly it is no advantage to have daughters if they are allowed to inherit a sum so vast that it become a temptation to some worthless foreign nobleman to marry them." Recent scandals connected with two of America's best known rich families gave Mr. Perkins an opportunity to say that "it is no advantage to Miss Vanderbilt or Miss Gould that enormous fortunes attracted the eager gaze of foreign fortune hunters."

"Ours," he added, "is still the only land of romance, the only land where the majority of men marry without considering solely the patrimony of their brides. If diminished inheritances keep American heirsses at home and render them ineligible in the eyes of foreign husbands their happiness will be increased and the prosperity of the land will not be diminished."

The house today resolved itself into a committee of the whole for the further consideration of the executive, legislative and judicial appropriation bill, Representative Smyser, of Ohio, addressing the house on the merits of the bill.

TELLER'S STATEHOOD BILL.

Washington, Dec. 11.—Senator Teller today introduced a bill providing for the admission of New Mexico as a state.

COMMITTEES HEAR BANKERS.

Washington, Dec. 11.—The currency commission of the American Bankers' association appeared before the banking and currency committee of the house today in support of the elastic currency bill supported by the association. James B. Forgan of the First National bank of Chicago and A. B. Hepburn of the Chase National bank New York, were the principal speakers.

Mr. Forgan devoted much time to refuting the charge that it is a Wall street measure.

WOULD MODIFY EXCLUSION ACT.

Washington, Dec. 11.—Preparations are being made in the house for another attempt to get the Foster bill, modifying the Chinese exclusion act, out of the house committee on foreign affairs. Last year the California delegation was successful in preventing a favorable report on the measure and the Californians are again lined up this year preparatory to renewing their fight against any changes in the bill excluding Chinese laborers from this country.

Representatives McKinley, Kahn and Hayes who headed the opposition to the Foster bill last year, express their deliberate intention to spare no effort to prevent a favorable consideration of the measure at this session.

TO AMEND SHIP SUBSIDY BILL.

Washington, Dec. 11.—Representative Grosvenor, chairman of the house committee on merchant marine and fisheries, is engaged on a proposed amendment to the Gallinger ship subsidy bill designed to grant assistance only to oriental and Southern American lines. He said today that he expected to have the amended bill ready for the consideration of his committee at its meeting next Thursday. It is not believed, however, that the committee will report any ship subsidy until after Christmas.

INDIANA POSTMASTERS.

Washington, Dec. 11.—The president today sent to the senate the following nominations:

Commissioner of corporations, Herbert Knox Smith, Connecticut.

Captain on active list to be rear admiral on retired list, Franklin J. Drake.

Postmasters:

Indiana—W. S. Keith, Bicknell; O. Guyton, Cambridge City; J. C. Fudge, Dunkirk; W. H. Gostlin, Hammond; W. E. Netherton, Winamac; A. Morrissey, Notre Dame.

BLACKMAIL CASE HALTED.

Terre Haute, Ind., Dec. 11.—The trial of the four Bulgarians charged with blackmailing Macedonian Greeks into contributing to the Bulgarian revolutionary movement was postponed today until Tuesday on account of the absence of a competent interpreter.

NOTES OF THE DAY.

Some Paris cabs now bear the inscription, "English spoken."

Potatoes in France are nearly double the price of last year.

There is a training school for elephants at Api, in the Congo state, where twenty-eight elephants are taking lessons. The training operations have produced encouraging results.

The Burmese have a curious idea regarding coins. They prefer those which have female heads on them, believing that coins with male heads on them are not so lucky and do not make money.

The labor demand for plantation work in Hawaii has been a rapidly growing one, the number of plantation laborers having risen from 24,653, in 1897, to 48,229 in the year 1905.

HERY SAVED TWO LIVES AT EXPOSURE OF HIS OWN

Deckhand Shows Courage in Crisis Where Sailors Flinched.

Providence, R. I., Dec. 11.—Mitchell B. Bruso, a Greek deck hand, has made for himself a place high among the heroes by performing a feat which saved two lives. His story was told by the crew of the tug Walter A. Luckenbach, which reached this port yesterday.

When the barge Buena Ventura, which was one of three in tow by the Luckenbach, foundered off the Jersey coast last Friday, apparently there was no possibility that any of the crew of five could be rescued. Three were washed overboard and drowned.

The waves were mountainous and the gale was terrific. Captain Dailey of the Luckenbach called for volunteers to man a small boat and make an attempt at rescue, although to all it seemed that it meant death to venture out in such a craft.

Says Good-By, Faces Death.

Bruso alone dared to go. He asked the captain's permission to make the venture. He set out alone in his rowboat, his fellow seamen bidding him good-by.

Each one of the great waves which bore down upon the little boat seemed about to crush or swamp it. Bruso, cool and determined, guided the little craft with amazing skill, the sailors say, and little by little worked his way to the Buena Ventura.

At last he put his boat close to the barge. Only Captain Owardsond was left aboard. Bruso dropped his oars and caught the spar to which Owardsond was lashed, frozen fast to it. He put Captain Owardsond in the bottom of the boat and started back for the tug. While he was thus rowing at top speed he discovered Seaman Charles Martin half clinging, half frozen to a hatch cover, on which he had been carried from the barge. Shouting a word of encouragement to the man, he continued on his way, and no sooner had Captain Owardsond been lifted on board than he pushed away again.

Second Battle With Waves.

Bruso's second rescue was even more difficult than his first. But he managed to get alongside of the hatch cover. He leaned over the side of the boat and lifted Martin in, and after another battle against the waves placed him on board the tug.

The Buena Ventura was the last of the tow of three barges which left Norfolk, Va., coal laden. Thursday the gale sprang up and the barges fought it all day and night, the Buena Ventura floundering the next morning. Captain Daily cut adrift the two leading tugs and steamed toward the endangered vessel. Before any attempt at rescue could be made Samuel Peterson, the engineer; John Mallet, a deckhand, and a seaman known as Jack, who lived in Fall River, Mass., were washed overboard and drowned.

Clergyman Who is Preventing Suicides.

THE REV. DR. HENRY M. WARREN.

New York, Dec. 11.—Twelve men and women, frankly declaring they believed suicide to be the only way out of difficulties in which they found themselves, have sought the aid of the Rev. Henry M. Warren, chaplain of the city hotels, within the last fortnight in response to a general invitation extended by him to those who contemplated suicide, in which he said he would help them to change their minds. This invitation was given by Dr. Warren in his service in the Fifth Avenue hotel.

In his sermon Dr. Warren said there were scores of strangers in New York every day who had come here with the well-founded intention of ending their lives. They came, he said, because they could easily conceal or lose their identity.

Dr. Warren argued that the suicidal intent of such persons might often be thwarted if they only had some person to whom they could pour out their hearts at the critical moment in their unhappy lives. They almost invariable came to the city alone and were therefore without counsel when the contending thoughts coursed through their brains. To serve as a personal friend rather than as a minister, Dr. Warren made his request that all persons so inclined see him before they carried out their purposes.

Twelve men and women have confessed personally to Dr. Warren that they intended to commit suicide, and he has received more than a score of letters from others, who, although not intending to end their lives, have declared themselves to be in dire straits, from which they believed, they said, there was no departure save by extreme methods.

Dr. Warren granted an interview to your correspondent touching the cases of those who called on him, but refused to divulge the names or addresses of any of them.

"One of the most striking instances," said Dr. Warren, "was that of a man who came to this city from Boston. He is the manager of a large manufacturing concern there and has a wife and several daughters. Family and financial difficulties caused him to ponder over suicide as the way out of his difficulties, and he came to this city and registered in the Grand Union hotel under an assumed name. He had told his family he was going to the Pacific coast on business.

"On his way through the lobby to a drug store, where he expected to purchase poison, he saw my explanatory card and asked the clerk about me. He came to see me, and by remaining with him for a whole day I got him to go back home. I have received a letter from him telling me I saved him from what he saw afterward would have been an awful mistake."

Many of the cases which have come to Dr. Warren's personal attention arose from lack of funds. Others were caused directly by business or professional failure.

SOCIETY

Even continued days of dull, gray weather and damp, raw atmosphere are not sufficient to quench the spirit of the coming season of gladness and all kinds of preparations are going on to make merry and to do good on the greatest holiday of the year. In society there are little companies, some so small they escape mention in "society columns," and others too large in spite of their informality to have it fair to not tell about them. The young folks are busy as bees making ready for the vacation days. Soon the vacant places at the dinner table will be filled with boys and girls who are now away at college. Every fraternity and every sorority represented in the city has planned for some sort of a holiday affair. There will be parties, too, among them one for which Miss Virginia White, daughter of Mr. and Mrs. J. W. White, will be the hostess.

* * *

Today two companies claimed attention. Mrs. A. L. Johns, who is to entertain two days of the week, had about thirty ladies playing pedro at her home this afternoon. The rooms were gay and pretty with decorations of holly, which was used in profusion, with red candles, and shades for them, in the dining-room to further the effect of holiday colors. In the parlor there was a beautiful arrangement of pink chrysanthemums and pink shaded candles. Mrs. C. S. Bash and Miss Gladys Johns assisted the hostess in keeping scores.

* * *

An informal tea from 4 to 6 at the home of Mrs. George M. Naylor proved another delightful affair of the afternoon. Mrs. Naylor was assisted in giving the tea by her daughter, Miss Ethel Naylor, and Mrs. Herman K. Zuppinger, formerly of Minneapolis, received with the two hostesses. In the living room were Mrs. C. H. Worden, Mrs. George Evans, Mrs. E. T. Williams, Mrs. Charles Taylor, Mrs. August Detzer and in the dining-room were Miss Louise Naylor and Miss Eliza Hanna. The rooms were decorated with small and artistic baskets of plumosus and red and white carnations. In the dining-room the color plan was yellow, yellow shades to the lights contributing part to the effect.

This evening the Golf club ball in Anthony Wayne club, a reception and dancing party in Tanner hall by Mr. and Mrs. Arthur Twining and a reception for Rev. Ray O. Miller, of the West Jefferson Street Church of Christ, at the home of Dr. and Mrs. Rush will interest many people and tempt them from their own firesides to contribute to the pleasure of themselves as well as to others.

* * *

Mr. and Mrs. B. F. Hudson are in Chicago for a few days.

Mrs. Harry Perfect will entertain the Friday bridge club this week.

Mrs. M. L. Jones will entertain the Rome City club tomorrow evening.

The Sans Facon club will meet tomorrow afternoon with Mrs. Edward Scheumann.

Mrs. Ben Oppenheimer, of North Manchester, is the guest of Miss Nettie Epstein.

Mrs. C. B. Woodworth is entertaining her cousin, Miss Anna Hitchcock, of Burton, O.

The Amicus club will have a study meeting with Mrs. George DeWald Thursday afternoon.

Rodney C. Wilson, of Ohio state university, will be the guest of Leonard House during the holidays.

Miss Virginia Bash has issued invitations for a card party that she will give on Saturday afternoon.

Carl Diether has gone to Pendleton, Ore., to spend several weeks with his parents, Mr. and Mrs. Louis Diether.

Joseph Bown and sister, Miss Lucy, of Kaspar, S. D., are visiting Mr. and Mrs. W. J. Beaston, of 60 Wagner street.

The Misses Maud and Marina Geake will entertain the members of the L. E. club—all young ladies—Thursday evening.

Mr. and Mrs. Henry J. Myers gave a family dinner last evening in celebration of Mrs. Myers' birth anniversary.

The St. Margaret's Guild, of the Episcopal church, will have its annual sale and supper Thursday afternoon and evening.

Mr. and Mrs. W. W. Rockhill are planning to leave in about ten days for San Diego, Cal., where they will spend the winter.

Mrs. S. Ellen Higgins and her sister, Miss Jay, of Maple avenue, have gone to New York to spend the winter with Mrs. Higgins' daughter, Mrs. Taylor.

The ladies' society of St. John's Reformed church will serve a supper tomorrow evening from 5 to 8 o'clock in their rooms, corner Washington boulevard and Webster streets.

A pretty party of last evening was the entertainment of the Acme pedro club by Miss Jeanette Tigges, of Ewing street. Prizes were earned by Miss Edith Borgman and Miss Minnie Graham.

The south side section of the Wayne street M. E. church will be entertained tomorrow afternoon by Mrs. Beaber, at her home, 1912 Broadway. Mrs. Brunner and Mrs. Wolford will be assisting hostesses.

The social afternoon of the Y. W. C. A. will be held Wednesday with Mrs. M. F. Porter from 2:30 to 5 o'clock. The assisting ladies will be Mesdames George Potter, Peter Pickard, Van Perrine, T. R. Pickard, Jesse Patterson, Miss Anna Philley and Miss Clara Porter.

Miss Ethel Naylor will leave the last of this week for California to attend the marriage of her sister, Miss Leonora Naylor, to Mr. Harris Webb Penniman, which will take place on New Year's day at the home of Dr. and Mrs. Walter Lloyd Johnson. Mrs. Johnson is an aunt of Miss Naylor.

The Bowling club will have a dinner this evening at the home of Miss Gertrude Williams, 225 Woodland avenue. The members of the club are Misses Clara Poole, Lillian Ortman, May Woolsey, Ethel Cox, Jean Benoy, Gertrude Williams and Messrs. A. T. Bailey, Tom Coppock, Otto Kucher, Clarence Swan, Walter Noll, Carl Zur-Muehlen. Mr. and Mrs. Herman Kucher will act as chaperons for the company.

Mr. and Mrs. Charles Gumpper celebrated their fifteenth wedding anniversary last evening by entertaining at cards and supper the members of the Amicus club and their husbands. A white wedding bell suspended between two rooms had tiny white ribbons dangling from it. Each guest was asked to pull a string and on doing so white favors suggestive of a wedding were drawn and matched for partners to supper. The dining room decorations were in white and green, with frezias in the center of the table and white shaded candles to add further beauty. Mr. and Mrs. George Piepenbrink, Mrs. James O'Neil and Thomas Snook won the prizes at pedro.

The Arts and Crafts society will have its first exhibit this week in the Art school building. The first day will be open to members of the society only, but on Friday and Saturday the public can see the work free of charge. The object is to show examples of the finest hand-made work possible to obtain in this country. There will be rugs, pottery, china, jewelry, hand-made books and book binding, besides other artistic products of hand work. After the holidays a second exhibit will be held, which will comprise the work of local people from art, manual training schools and private workmanship. A committee has been selected to decide upon the merits of submitted examples of work for that exhibit.

Mr. and Mrs. Frank Rinard, of Nuttman avenue, was tendered an agreeable surprise at their home Friday evening by a company of friends. Pedro was followed by a supper, which was served at 10 o'clock. Those present were Mr. and Mrs. George Young, Mr. and Mrs. Baron Straun, Mr. and Mrs. Boda, Mr. and Mrs. Greek, Mr. and Mrs. Rock, Mr. and Mrs. Ramey, Mr. and Mrs. Worton, Mr. and Mrs. William Shannon, Mrs. Theodore Hardendorf, Mrs. Swain, Mrs. Stevens, Mrs. F. J. Young, Mrs. S. McQuown, Mrs. Houser, Miss Ruby Young, Miss Mary Young, Miss Edith McQuown, Miss Helen Houser and Masters William McQuown, Ray Hardendorf and Fred McQuown.

The Nurses' Bazar.

The Hope hospital nurses' alumnae bazar will open Friday at 11 o'clock in the morning on the main floor of the Elektron building and will continue until Saturday evening. This bazar is to enlarge a sick benefit fund already established. Light refreshments will be served. There will be music during the evenings and such attractions as a grab bag. Among the articles to be sold will be dolls dressed as nurses, cheer-up banners, pillows, aprons and other kinds of Xmas articles. Contributions can be left at the Elektron building on Thursday between 2 and 5 o'clock.

A Country Party.

Mr. and Mrs. N. H. Horn entertained a number of their friends at dinner last evening at their home three miles south of the city. Mr. and Mrs. W. H. Hoham and Mr. and Mrs. F. E. Stoneburner were among the guests who formed the trolley party to the Horn home. Miss Pearl Rice, of Hicksville, Ohio, was the honor guest. Mr. and Mrs. Horn proved themselves splendid entertainers.

Pupils Present a Flag.

The pupils of the highest grade in the Bloomingdale school have purchased a handsome flag and given it to the building. The flag cost eight dollars and the money was saved by contributions from the pupils who desired to leave a remembrance of the class in the school where they had been seven or eight years. The flag is hung in the front hall of the building and beneath a small American eagle. The bird was a gift to the school from J. H. Jacobs a year ago, and though not the rare type of the great eagle of this country, is nevertheless an example of the species. The pupils of the Bloomingdale school have been inspired for some years in adding things useful and ornamental to the building, which itself is old and not especially modern. Little by little the children have saved that which they have earned by giving entertainments or by self-denial and contributed to the fund, until real works of art transform the old wide hall into a place that the most indifferent of visitors can not pass through without pausing to look with astonishment at the things before him.

E. V. Fitzpatrick, of Portland, recently elected clerk of the supreme court of Indiana, was in the city today.

"There's a Reason"

Christmas Gifts

Animal paper weights stunningly colored to look like the real beasts they represent are being shown in the shops for Christmas gifts this season. And they will be most acceptable presents, too, for they are a novelty and will give variety alike to a dainty writing table or to a business man's desk, where nothing but useful ornaments are wanted.

These animal weights, though small, are of metal and are heavy enough to hold down even a large pile of papers when necessary, though they come in all sizes, so that a small cat or rabbit may be selected as a gift for a woman who has little need of weights on her writing table, while a camel, wild boar, elephant or giraffe chosen for a man's desk, will be large enough for ordinary use.

Besides being useful, these animals are decorative and decidedly ornamental, for they are natural in pose and the metal is chiselled so that it looks like real fur. One of the most effective of these weights is a black bear, with big, awkward feet and shaggy looking hair around his face and neck. Quite as natural as the bear, though not as unusual, is a seal, with its soft brown looking skin prettily mottled like a real animal's.

The large wild boar with its bristling head and long nose is hideous but effective because of its naturalness. In strong contrast to this large weight are the gentle does and timid rabbits. The long twisted horns of a ram make this animal weight attractive, just as the saucy face and long tail of a monkey will make it a favorite with women. A bull terrier in mottled brown with a metal studded collar around its neck will be a gift that many a woman would be glad to have on her desk or even on her bureau.

These weights, while made essentially for holding papers in place, are all fitted with bristles that may be used for cleaning pens. These bristles are fitted in on spots on the bodies where they will not interfere with the color of the animal, and will look as if they formed a part of the anatomy.

Schoolgirls' Headaches

Pains in Head Not Result of Overstudy, According to Prominent Physician.

CATARRH A CAUSE

Strained Eyes and Cold in Head and Throat Make Most of Headaches.

Why school girls suffer with headaches and what causes the pain is subject that interests thousands who are working for the welfare of the rising generations. For, with the present curriculum based on physical development and hygiene, with health rules taught every day, the scheme to help young people to have strong bodies should eradicate pain, especially such as temporary aches in the head. While excuses for headache are granted daily throughout the public school system, the proportion is not alarmingly large, only about two out of twenty-five, according to statistics. But even this per cent may be reduced if the girls will take proper precaution to ward off pain in the head, declares a prominent physician, who doctors many school girls.

"Headaches from overstudy, or too much crowding of the brain is a fallacy, I think," he said, "for in my experience all the cases that have been attributed to brain fatigue came from strained eyes or from catarrhal trouble, both in the head and in the stomach.

"I thing I am safe in saying that nine-tenths of the headache school children, both boys and girls, suffer with, comes from either strained eyes or from bad colds of a catarrhal nature. Contrary to the accepted opinion that many pains in the head are induced by disordered stomachs, I believe they are few in comparison to those that are made by straining the eyes, or congested noses and throats.

Catarrhal Headaches Prevalent Here.

"In this climate, especially, catarrhal headaches the prevalent, and simple home remedies should be used by those who are not so afflicted, just as a precautionary measure.

"If mothers would insist that their daughters, and sons, too, use a nasal douche with salt and water every morning before going to school, or every night before retiring, much of the headache that is now causing suffering would be eliminated. This cleansing of the nasal passage is simple, and, after the children learn how to inhale, most of them like the sensation, for it is soothing and will relieve a cold in the head almost immediately.

"In making this wash for the nose and throat it should not be too strong of salt, for that stings and is sometimes unpleasant. To a tumblerful of lukewarm water add a quarter of a tablespoonful of salt, and when it has dissolved pour the solution into a deep saucer, let the child bury its nose in the bath and inhale, first through one nostril and then through the other.

"This treatment will help slight catarrhal affections and cure colds. But if the catarrh has been allowed to get into the system the best plan is to go to a physician for advice, for catarrh of the stomach generally follows that in the head, and then indigestion, besides headaches, annoy the sufferer.

"With catarrhal headaches the pain is more insistent than with those caused from strained optic nerves, for if the eyes are not constantly used there will be no pain, while with the former children will frequently not be entirely free from an ache for weeks at a time.

"One girl who suffered from severe headaches three or four times a week came to me for treatment, and I found that her eyes were weak, that the nerves of sight had been strained from study at night with a poor light. She was fitted with glasses, but they helped only a little, for when she studied several hours without stopping, her head would pain terribly. She finally finished and since leaving school has not had a headache once in three months, for she uses her eyes carefully, and does no reading or work requiring constant concentration of the nerves of sight after dark.

Straining the Optic Nerve Causes Pain.

"It's the study at night when tired after a day full of excitement, and incidentally using the eyes under lights that are too glaringly bright, or are too far away, that makes so many girls strain their optic nerves, and then have headache. If they could only be persuaded to go early to bed, and rise early and do their studying before breakfast, there would be fewer headaches, and less necessity for wearing glasses, and the general health would undoubtedly be better.

"How frequently we hear a school girl say, 'The sight of that food makes me sick at my stomach,' or 'the taste of that fruit (or whatever the dish) turns my stomach,' and immediately the majority of mothers think that their daughters' stomachs are out of order and begin to treat them for indigestion, when the real cause in most cases is a catarrhal affection that weakens the eyes, makes the child sick at the stomach and causes headache. Then, too, if there is any catarrhal trouble in the stomach, indigestion and frequent spells of nausea come on, accompanied by headache, and these symptoms are invariably taken for a disordered digestion.

"Headaches caused from bad ventilation are rarely known nowadays, for in all the public schools the teachers see to it that there is plenty of fresh air to breathe, for they realize that when the air is vitiated the scholars get drowsy from the foulness and that headache is bound to follow from the slow poisoning of the blood that is sure to result from inhaling over and over again air from which the oxygen has been taken."

JURY CANNOT AGREE.

Hazlehurst, Miss., Dec. 11.—The jury in the Birdsong trial had been out seventeen hours at noon today and asked the judge to discharge them as they could not agree, but they were sent back for further consideration. Just how the jury stands has not been definitely learned. The statement that it was 11 to 1 for acquittal is not verified.

Olympics, 3; Centlivre Specials, 0.

The Olympics of the third Brunswick league sprung a surprise last night in the series with the Centlivre Specials when they copped off three straight games, a feat that has not been accomplished before this season. All of the men rolled good ten pins but Blank was the star performer taking 219 for high score and closing with an average of 189. The scores:

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm. Walding, Kinnan & Marvin, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

Mexico imports most of her pig iron because of the lack of cheap fuel for making it.

Commercial travelers' licenses in the British South African colonies and protectorates amount to $600 a year.

It is a mistake to use a violent cathartic to open the bowels. A gentle movement will accomplish the same results without causing distress or serious consequences later. DeWitt's Little Early Risers are recommended. Sold by all druggists.

Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nervine restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so despondent life seemed almost a burden. I tried all kinds of remedies and various physicians with little or no relief, until one night last summer I saw Dr. Miles' Nervine and Heart Cure advertised. I resolved to make one more trial which I did in the purchase of one bottle of Nervine and one of Heart Cure. In a few days I began to feel better, which encouraged me so much that I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way; in body, mind and spirits since. I make a special point to recommend the medicine, and I feel a sincere pleasure in knowing that several persons have been benefited through my recommendations."
A. S. MELTON, Ashville, N. C.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

For a Good Complexion, Health and Beauty.

FOR Clear Eyes
—Pure Complexion
—Sweet Breath
—Clean Tongue
—Calm Nerves
—Good Temper

Eat a Cascaret whenever you suspect you need it. Carry a little 10c Emergency box constantly with you, in your Purse or Pocket.

When do you need one?

—When your Tongue is coated

—When you have Heartburn, Belching, Acid Risings in Throat

—When Pimples begin to peep out.

—When your stomach Gnaws and Burns.

That's the time to check coming Constipation, Indigestion and Dyspepsia.

That's the time to take a Cascaret.

* * *

One tablet taken whenever you suspect you need it will insure you against 90 per cent of all other ills likely to attack you.

Cascarets don't purge, don't weaken, don't irritate, nor upset your stomach.

They stimulate the Bowel Muscles to contract and propel the Food naturally past the little valves that mix Digestive Juices with Food.

This stronger action produces greater nutrition from food and perfect elimination of useless materials.

It makes the blood purer, healthier and more reconstructive, insuring a fine, clear color and complexion.

* * *

Then carry the little ten-cent box constantly with you in your purse, and take a Cascaret whenever you suspect you need it.

All Druggists sell them—over ten million boxes a year, for six years.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC." 751

Evolution of Spanking.

[An electric spanking machine is now in use in a public school in Peoria, Ill.—News Item.]

WE call to mind the master grim,
With horny hands of leather.
Oh, well we all remember him
When we were tads together!
For when we'd shin the orchard wall,
Hook school or other pranking,
His bony palms would give us all
The soundest kind of spanking.

Time passed; the master feeble grew;
His palms lost force and fire,
But still our pranks were far from few;
Each day we raised his ire.
So from the schoolhouse on the hill
He plucked a cypress shingle
And spanked us one by one until
Each nerve would dance and jingle.

But, though the shingle left its mark
Until we studied standing,
Each day would bring another lark,
Despite stern rules commanding.
Our blunders made the master rave,
Our pranks were still increasing,
Until he got a barrel stave
And spanked us without ceasing.

The old schoolhouse has passed away;
Likewise the good old master,
But if he taught his class today
Perhaps he'd spank them faster.
He'd touch a button near at hand
And start those paddles swinging,
Some fifty spanks each second and
Each one spark charged and stinging.
—Victor A. Hermann in Judge.

Awful Agony of Piles

Positively Relieved by the Pyramid Pile Cure.

A TRIAL PACKAGE MAILED FREE.

There is no reason—surely no good reason—why any man or woman should continue to suffer with piles when a reputable company of druggists have placed in every high-grade pharmacy a positive and unfailing cure for this dread disease at a price within the reach of the poorest. They have done more. They offer to relieve the sufferer temporarily and start him well on the way to recovery, by giving to any piles patient who sends his name and address, a free trial package of the wonderful Pyramid Pile Cure in a plain sealed wrapper. There are

Where Most Piles Sufferers End. Act Before Too Late.

enough of the curative elements in this trial package to greatly reduce the swelling of the affected part, to heal much of the soreness and ulceration. After the sample is gone your druggist will supply you with a box of the Pyramids for 50 cents.

Read Mrs. Bond's letter, which tells how she suffered and was relieved, if not positively cured, after using one 50 cent box.

"I have tried your pile cure and find them all you recommend them. I am very thankful to you for ever putting them within my reach, for I have had one box and I have not used all of them yet, and I feel like a new woman today, and I tell everybody about them. When I started them I could not walk across the floor, but now I can do my work all right. My work was a burden to me before I started them, but I can tell you that I can work much better now. You can rely on me. I will tell everybody about Pyramid Pile Cure. Yours sincerely, Mrs. J. Bond, Toronto, Canada, 33 Pears Ave."

There is positively no risk or danger with the Pyramid Pile Cure, for there is nothing but curatives in the preparation. They are suppositories which placed in the affected part, act as a soothing ointment working upon the infected and ulcerous tissues, giving them new life and stimulating a stronger circulation of the blood.

By the use of the Pyramid Pile Cure the patient is cured at home without losing a day's work, no matter what his occupation. The cure may be accomplished in absolute privacy. We use no names for advertising purposes without the voluntary consent of the patient.

The Pyramid Pile Cure is quick, permanent and painless. Do not delay, but send your name and address today, and we will furnish you at once with the free trial package. Pyramid Drug Co., 73 Pyramid Bldg., Marshall, Mich.

The 50 cent size packages are for sale at all druggists.

Northern Indiana News and Gossip

The Indiana state grange has opened its sessions at Columbia City.

The Toledo & Chicago interurban line is erecting a depot waiting room at Avilla.

Mrs. John Peter Smith, 78 years of age, died Saturday evening at her home north of Roanoke.

The packing house of Fred Scheimann, at Decatur, was slightly damaged by fire Sunday evening.

Logansport has inaugurated an effort to raise a fund of $100,000 for the purpose of bringing new factories to that city.

Roanoke has established a curfew law and the alarm sounded upon the fire bell each evening will warn the youngsters to get off the streets.

Elkhart saloon men made an attempt to pry up the "lid" last Sunday, and as a result five bartenders found themselves in court Monday morning.

Charles Curry, of Wabash, will lose the sight of one of his eyes as the result of a mistake Sunday evening, when he used carbolic acid as an eye wash.

Weir Chipman, 4 years old, is dead at Laporte, and physicians declare that death was due to coloring matter in popcorn which the little fellow ate a week ago.

It is now believed that Engineer A. C. Cramer, who was so badly burned by electricity at the interurban power station at Huntington Sunday morning, will recover.

Christopher Flickinger is dead at his home three miles north of Roanoke, where he had resided for fifty years. Mr. Flickinger was about 75 years of age, and was a well known pioneer.

Rev. M. G. Long, of the Christian church at Warsaw, surprised his congregation Sunday morning by tendering his resignation to accept a call to a larger church at Harrison, Ohio.

Down at Marion the board of public works is considering a proposition from the gas company which offers to put in artificial and natural gas mixed at a rate of 50 cents per thousand feet.

Residents in the vicinity of Leesburg have arranged to hold another wolf drive December 27, and several hundred men will take part in the campaign against wolves which have been seen in that region recently.

The Bluffton school board has thirty-nine applicants for the place as superintendent of schools to succeed W. A. Wirt. It is said the board has cut the list down to four, one of whom will get the appointment.

Edward Harris, a painter at Warsaw, lost his balance while at work on a scaffold twenty-four feet from the ground. He jumped to avoid a fence directly beneath him, and managed to escape without more serious injury than a sprained ankle.

"Grandma" Lamport, of Wabash, was perhaps fatally injured Saturday night when she got out of bed to take some medicine and stumbled over a foot stool in the dark. She is 89 years of age, and it is feared cannot survive the effects of her fall.

Marion Foy, of Peru, a Lake Erie & Western railway engineer, thinking his engine would be wrecked when the crown sheet dropped and let the water into the firebox, jumped off, falling thirty feet onto the stony bed of Pipe creek. His injuries are serious.

William H. Morsches, 85 years of age and a pioneer resident of Columbia City, died Monday. For several years he operated a brewery at Columbia City. For nearly a month before his death he had been unable to take nourishment.

John Sponseller, who shot his wife and then attempted suicide at Tippecanoe, Marshall county, six weeks ago, pleaded guilty to a charge of manslaughter at Plymouth and was given an indeterminate sentence of from two to fourteen years in the state prison.

In order to permit a test of the law, the Huntington county commissioners have declined to follow the order of the state health board to restrain school officials from holding school in the school house in Monument City, which was recently condemned by the state board as unsanitary.

John Steffin, of Auburn Junction, got naughty about two weeks ago and slapped his former wife whom he met upon the street. Arrested Monday on a charge of assault and battery, he pleaded guilty and was fined $5 and costs, going to jail in default of the price wherewith to settle. His wife secured a divorce about four weeks ago.

The Marion Heat and Light company has announced a reduction from $1.50 to $1 per month as the minimum price for electric lighting. The company asserts that the reduction is purely voluntary, but consumers believe the reduction is due to the agitation of citizens who have recently threatened to establish a municipal commercial lighting system.

John McGrew, indicted by the Steuben county grand jury for the killing of Fred Griffin at Pleasant Lake on September 18, is now on trial at Angola. Griffin died from injuries inflicted when he was struck upon the head by a stone or some other missile in the course of a saloon brawl. The accused man is 22 years of age, and was employed in the gravel pit of the Lake Shore railroad.

WHEN TO GO HOME.

From the Bluffton, Ind., Banner: "When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." To which we would add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by all druggists.

"The pope," said M. Briand the other day in the chamber of deputies, "the pope is nowhere a stranger. He is French in France, German in Germany." The holy father, when this speech was transmitted to Rome, smiled and said: "Nothing has changed in France. There is only one Frenchman more."—Le Cri de Paris.

BILIOUSNESS AND CONSTIPATION.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by all druggists.

When Hawaii was discovered by Captain Cook in 1778 it had a population of 200,000. There are now only 31,000 natives on the islands.

HAGAN FELL UNDER TRAIN.

How Allen County Man Lost His Life at Salt Lake City.

It develops that Michael Hagan, the former Allen county man who lost his life at Salt Lake City, Utah, a few days ago, was killed in falling beneath a work train. Hagan was employed as a bridge workman, and while riding into the city from his work fell as he attempted to alight from the train, the body being badly mangled.

Hagan was 54 years of age and unmarried. He formerly resided in Lake township, leaving for the west about fourteen years ago. The remains arrived in the city Monday evening and were removed to the family homestead in Lake township. Funeral services Wednesday morning at 10 o'clock, Rev. J. P. Meyer officiating. Interment at Eel River cemetery.

A HOME MADE HAPPY BY CHAMBERLAIN'S COUGH REMEDY.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spence, Holly Springs, N. C. For sale by all druggists.

The searchlight on board the new British battleship Dreadnought is of a new type, being double-ended, so as to throw powerful beams of light in exactly opposite directions, to facilitate semaphore signaling. WHAT TO GIVE HIM.

Ranke & Nussbaum Have Confidential Talk with Fort Wayne Women.

"Oh, dear! what shall we give him?" has been the sigh of many a woman in Fort Wayne the past two weeks, thinking of father, husband, big brother, or possibly some one else's brother.

Ranke & Nussbaum want us to confidentially tell every woman reader of the Sentinel that "the proper thing to give 'him,' the gift that will be sure to please if he is a smoker, is a box of Wadsworth Brothers' Chico Cigars."

"The best judges of cigars in Fort Wayne," said Mr. Ranke of the firm of Ranke & Nussbaum, "have given their endorsement of the Chico by smoking nothing else. They formerly smoked ten and fifteen cent cigars, but now nothing will do them but the Chico, even though it is not an expensive smoke.

"Although we have just received a large shipment of Chicos, the Christmas trade is taking them off lively, so we would advise buying at once. We will help you in selecting the shade and strength that will please 'him.'"

BOARD OF WORKS TAKES UP IMPROVEMENTS FOR SPRING

City Civil Engineer Instructed to Prepare Plans for Paving.

The board of public works began its preparation yesterday afternoon for the spring street improvements by ordering Frank Randall, city civil engineer, to formulate plans and specifications for the paving of Washington boulevard from Harmer street to Glasgow avenue and Creighton avenue, between Lafayette and Hanna streets. This will fill up gaps in the two thoroughfares.

Within the next week or ten days the board will outline the paving for 1907 and while the members are pretty clear on what will be undertaken they are waiting for some petitions that are in course of preparation and will take them up when they are presented. Residents of Lakeside are working on a petition for Columbia avenue and will have it ready shortly for presentation.

The board at the meeting yesterday accepted the pavement on Fifth street, between Wells and Barthold and confirmed assessment rolls for sidewalks on Maude street, between Thomas and Holton avenue.

Gone to Indianapolis.

Mayor Hosey, E. J. Lennon, Henry Schwartz and Jesse Brosius, of the board of public works, and Frank Randall, city civil engineer, left this morning for a visit of a few days at Indianapolis, during which they will study a number of municipal problems, principal among them the scheme of track elevation. Creosoted block for bridge floors and concreting of city tracks for interurban cars will also receive their attention.

FOR THE CONVENIENCE OF HOLIDAY SHOPPERS

We will issue certificates on our Glove Department in the form of a neatly engraved due bill entitling the bearer to one pair of Gloves. These cards can be sent in place of Gloves and parties can fit themselves by presenting card at our glove counter at any time. This avoids all misfits and questions as to satisfactory shades and styles.

SUITS AND OVERCOATS

It has been our aim all through the years of our clothing experience to select what in our estimation would prove serviceable garments, always adhering to the season's style as to colors of fabrics, buying of several of the best manufacturers in the world—specialists in their own grade of garments—one making extreme styles for the young man of "fadish" notions—another making conservative garments, while still another makes Suits for tall and slim, and short and fat men. In this way we are able to supply wearing apparel that meets the approval of all tastes as to fit and fabrics.

Our years of experience guarantees correct workmanship, for under no circumstances would we permit an unsatisfactory garment to be placed on sale in this establishment.

We back each sale with the iron agreement that **No Transaction is closed here until you have had complete satisfaction.** For Xmas we are showing some very swell Suits and Overcoats, ranging in easy stages from

CHARLES F. SHELTON,

JUDGE FORCES POLLOCK TO DIG UP A FIVE FOR WIFE

Wife Modest in Her Demands for Support—City Court Cases.

When Frank Pollock was arraigned in the city court today for failure to provide for his wife he told Judge Skelton he had agreed to give her $5 every pay day and the court told him that was not enough, but as she seemed satisfied it would be all right. Pollock wanted to begin the payments next pay day, but the court told him no and he said he could not settle. This was met by a statement that he would either settle or go to jail and he explored his garments and dug up a ten-dollar bill which he split up with his better half.

The wife was instructed that she must report regularly whether or not the payments are being kept up and promised to do so and Pollock was warned that his case had been continued and failure to produce at the stated periods would get him a fine.

The Other Cases.

Henry Schele, picked up for drunkenness while he was driving one of the city garbage wagons, was let go under an indefinite continuance.

Thomas Bussard was sent over until tomorrow to give him a chance to sober up.

Allen McKee was fined $1 and costs for drunkenness and settled.

Charles Terwiller, who has been selling coat hangers on the street, was up for loitering and got two hours to leave the city.

Jesse Cole, charged with stealing coal, was held until Thursday and will be recommitted to the boys' industrial school.

Archie Sheehan for assault and battery on Ed Marquis was continued and he was fined $1 and costs for drunkenness. He is a driver for the Consumer's Ice company and was arrested last night after he had struck Mr. Marquis who discharged him.

The case of Charles Lysher was also continued and he was instructed to go to work and support his family.

Yesterday passenger engine 623 and freight engine 355 were turned out of the Wabash shops, having received general repairs today.

TEXAS MEMBER AIMS A BILL AT SENATOR BAILEY

Would Make It Illegal for Member to Take Fee from Corporation.

Washington, D. C., Dec. 11.—Senator Bailey, who already has plenty of trouble on his hands in Texas, received another slap yesterday. It came from a member of the Texas delegation in congress. Representative Randell. The two men have been political enemies for several years, and neither has overlooked an opportunity to strike a blow at the other.

Mr. Randell yesterday introduced a bill making it unlawful for any senator or representative to hold or take office or to receive a salary or fee as an officer, agent, or representative of any national bank, railroad company, express company, telegraph or telephone company, or any public service corporation chartered by congress, or corporation conducting business in violation of the anti-trust laws of the United States.

The measure is made applicable to senators and representatives elect as well as those who are actually serving. Violation is made punishable by both fine and imprisonment and the convicted offender is to be debarred from holding any office of honor or profit under the United States.

Texas men declare that the bill is aimed at Senator Bailey. The story back of it is that several years ago, when Senator Bailey became disgruntled over the nomination of Bryan for the presidency and is said to have declared his intention of retiring from public life, Mr. Randell, an aspirant for public honors, offered to assume Mr. Bailey's job in congress and to make an effort to become leader himself. He did start out after Mr. Bailey's seat, when suddenly Mr. Bailey changed his mind and resolved that, despite Bryan, he wanted to be returned to congress.

Randell was then in the field and it required much effort to retire him. This engendered ill feeling, it is said, between the two men, and it recently has become intensified in the alleged effort of Senator Bailey to defeat Mr. Randell in the congressional primaries.

REPUDIATES AN INTERVIEW.

Mrs. Bellamy Storer Declares She Was Violently Misquoted.

Cincinnati, Dec. 11.—A remarkable interview here today credited Mrs. Bellamy Storer with the statement that she and her husband had "created President Roosevelt." Mrs. Storer today said that, while she had seen a newspaper woman last night and had said some of the things credited to her, the report as published gave an entirely different complexion to everything said and that undue prominence had been given to certain incidents related during the interview. While unable to deny that such an interview had been given, she said that so incorrect and garbled a report had been published that it did not give her views or statements and she did not want it to be considered as coming from her. Beyond this she refused to discuss the matter.

MAY SELL ICE COMPANY.

It is probable that the Higgins Artificial Ice company, which has been managed by Alex B. White for some time, will be sold to capitalists who are much interested here, at the beginning of next year. The interested parties have purchased an option covering a certain period of time, although the deal has not as yet been closed.

The Progressive Aid society will meet with Mrs. Pierce, 729 East Lewis street, tomorrow afternoon.

CITY BREVITIES.

The Ladies' association of Trinity Episcopal church will have a special business meeting Wednesday afternoon at 2 o'clock in the parish house.

The choir and orchestra of the First M. E. church will render a special musical program at the church next Sunday evening.

Corporal Bailess, in charge of the local marine corps recruiting station, accepted two men from this city for enlistment today.

Lincoln Commandery No. 8, K. T., will hold the annual election of officers next Tuesday evening.

The Ladies' society of the Third Presbyterian church will give a Christmas market and bazar Friday afternoon and evening, December 14, at the church, corner of Harrison and Taber streets. Preparations have been made for an interesting affair and for large and varied stocks suitable to such a bazar.

Miss Sophia Brandt, who was on the steamship Wilhelm at the time it was wrecked off the German coast, arrived in this city safely last evening, none the worse for her experience.

The handsome new wagons of the Merchants' Parcel Delivery company, which were on the streets for the first time today, attracted considerable attention.

BARS TILLMAN; FEARS CUSSES.

Senator Won't Promise Not to Swear and Church Cancels Date.

Bellaire, Ohio, Dec. 11.—Because Senator Tillman would not agree to refrain from swearing during the lecture which he was to have given here tonight, his engagement has been canceled. When the trustees of the First Methodist church, in which he was to have spoken, heard it reported that he swore at some one during his lecture in Chicago they wrote him asking him to promise not to swear during his talk here. Senator Tillman replied that he didn't know anything about Bellaire and that the town would have to take its chances with him, just as he would have to do with the town.

MUST PAY LICENSE TO SMOKE.

University President Hits on Novel Plan to Stop Habit.

Kenton, Ohio, Dec. 11.—President Albert Edwin Smith, of the Ohio Northern university at Ada has decided to require any student that he discovers to be a smoker to pay $1 per term more tuition than those who do not use the weed. In chapel yesterday Dr. Smith said:

"All pipe suckers and cigarette smokers, in fact, all smokers of tobacco in any form, will be taxed $1 per term more than others in the future. This extra tuition is to be a license for the habit."

Bowser as An Orator

He Tackles a County Fair Address and Tries It on His Wife as Audience.

RESENTS HER CRITICISM

Experience at the Jolly Old Boys' Club Fails to Dampen Enthusiasm on This Occasion.

[Copyright, 1906, by McClure, Phillips & Co.]

If Mr. Bowser had discovered a way of steering a balloon against a cyclone he could not have looked more important than he did the other evening as he came home from the office. Mrs. Bowser noticed his general bearing at once and began to wonder what had caused it, but it was not until they were seated at the dinner table that she queried:

"Has anything special happened today?"

"Some folks might not call it special," replied Mr. Bowser as he swelled out a little.

"You—you haven't been buying a barrel of root beer for a fall tonic?"

"Mrs. Bowser, when I buy a barrel of root beer for a spring or fall tonic

"LADIES AND GENTLEMEN!"

the said barrel will be rolled in at the basement door. No barrel came this afternoon, did it?"

"You are not thinking of trading the house for a chicken farm?" she persisted.

"Nonsense!"

"Then—then"—

He regarded her for a minute in silence and then pompously observed:

"I shall be very busy in the library this evening, and if any one calls you are to say that I am not at home. I have a little address to write."

"O-h! What sort of an address? I hope it is not one for some club. You remember how the Jolly Old Boys made a fool of you last spring. They pretended they wanted an address, and then"—

Resents Wife's Remarks.

"Stop right there, Mrs. Bowser! Stop right there!" he exclaimed as he pointed his knife at her across the table. "I know nothing about the Jolly Old Boys. I never wrote an address for the Jolly Old Boys. The Jolly Old Boys can go to grass for all of me. What do you mean when you say that they made a fool of me?"

"Why, they got you to write an address and then shouted and laughed and guyed you so that you could not deliver it. Don't you remember how they stood you on your head, made you climb a ladder and rolled you on a barrel?"

"By thunder, woman, are you talking such talk to me? Are you out of your head? Have you gone plumb crazy since I left the house this morning? Bowser laughed at! Bowser on a ladder! Bowser rolled on a barrel!"

"But you told me so when you came home that night."

"Never! Never in all this world! However, we have had enough of this. Don't ask me any more questions, for I shan't answer them. I have no time to throw away on lunatics."

Mrs. Bowser subsided, and a few minutes later Mr. Bowser finished his dinner and went upstairs and locked himself in the library.

"Is it that he's going to practice on the water pipes?" asked the cook in a whisper.

"Oh, no."

"Will he blow up the range or the furnace, ma'am?"

"He is going to do some writing."

"But if he's going to put dynamite in the chimneys to clean them out you should let me know, Mrs. Bowser. I'm the sole support of a widowed mother, and I don't want to be found hanging across the clothesline a mangled corpse."

Mrs. Bowser sat down in the sitting room to read, and it was a full hour before she heard from Mr. Bowser. He finally came out of the library with some sheets of paper in his hand and a perplexed look on his face, and after pacing up and down the room for two or three minutes he said:

"Perhaps I spoke too harshly at dinner, but I had a great thing on hand and was somewhat worried about it."

"If I can help you at all I shall be glad to," she replied.

"It's just this way. I received a call today from one of the executive committee of the Branch county fair. He wanted me to write and deliver an address. There's no money in it, but lots of fame. I want to get up the very best address delivered at any county fair this fall, and if you help me a little I can do it."

"Certainly I'll help you. How much have you got written?"

Reads Speech to Her.

"Not so very much, but it's good. I will read it to you:

"'Ladies and Gentlemen—It goes without saying that I stand here before you today with all the emotions surging up in my breast that Washington felt when he crossed the Delaware. After Lexington, after Bunker Hill, after years of patriotic suffering, we finally achieved our independence, and we stand here today under the banner of freedom.'"

"But I don't like the beginning, dear," said Mrs. Bowser as he paused for breath. "Now, don't get angry, but you see that Lexington and Bunker Hill and Washington crossing the Delaware have nothing whatever to do with the Branch county fair."

"I'd like to know why they haven't? Could Branch county have had a county fair except for those things?"

"That's too indefinite. I should plunge right into my subject at once. You seem to have mapped out a Fourth of July oration instead."

"Nothing of the kind, woman!" angrily exclaimed Mr. Bowser. "I was a fool to appeal to you. I might have known that your jealousy would lead you to find fault with whatever I wrote. Don't agitate yourself further. Your opinion is nothing to me."

He therefore retired to the library and slammed the door after him, and it was fifteen minutes before he reappeared. He had tried again, and after swallowing his pride he read:

"Fellow citizens, as I cast my eyes over this smiling landscape today and recall the fact that when Christopher Columbus landed here 400 years ago he found nothing but a vast and silent forest filled with whooping Indians and raging wild beasts—I say that when I look around me and see—see"—

Mixed In His History.

"But Columbus landed down in Florida, you know," interrupted Mrs. Bowser.

"And what of that? Can't I speak in a general way?"

"You have a vast and silent forest, and then you say it was filled with whooping Indians and raging wild beasts. You must be consistent, Mr. Bowser."

"But do you think any one is going to cavil about such trifles?" he demanded as he flushed white and red. "Besides, I am sure that Columbus landed on the very spot where they are going to hold the fair."

"Then all histories are wrong."

"Then they are, and I can prove it. In fact, the man who engaged me said that he did and that they had a stone there to mark the spot."

"Well, let that go," said Mrs. Bowser. "What were you going on to say about the whooping Indians and the raging wild beasts?"

"Not a blamed word! You have knocked out the whole thing, just as I might have known you would. The chance comes to me to make a great name as a literary man and an orator, and you immediately proceed to jump on it with both feet. If I had your disposition, I'd go hang myself."

"If you will only be reasonable"—

But Mr. Bowser wouldn't. He strode down the hall, clapped his hat on his head and banged the door behind him. Arriving at the corner drug store, he asked of his family druggist:

"Say, White, where did Columbus land in America?"

"On the coast of Florida, of course."

"Um! Do you know anything about the Branch county fair?"

"It was held two weeks ago."

Mr. Bowser walked out of the store seeing red. There was a man waiting on the corner to strike him for a dime. He was a poor man and a weary and discouraged man, having lost his wholesale dry goods business in the California earthquake.

"Will I! Will I!" shouted Mr. Bowser in glee as the man made his request. "You bet I will!"

And then two men struggled for a moment, went down and rolled over, got up and fled, and it was the bloodthirsty Mr. Bowser who pursued with demoniac yells. M. QUAD.

Two Kinds.

"I have perfected a new kind of airship," said the enthusiastic inventor.

"Which kind?" asked the sardonic friend. "Something to fly or something to write about?"—Washington Star.

Just That.

"What is your fiance's business?"

"I don't know, but when we're married you bet he'll find out pretty quick that his business is to hustle for me!"—New York World.

Bitter, Bitter Thoughts.

INDIANA'S LEADING FURNITURE HOUSE

Three acres of Furniture in our three great stores of Fort Wayne, Lafayette, Terre Haute.

We don't sell all the Furniture, Carpets and Stoves sold in Fort Wayne. We perhaps ought to, for certainly no house in the city can serve you so well. But people like change and experiment, and sometimes they want to try their "luck" elsewhere. It's their right and they get wisdom by it and satisfy themselves that the **"BIG STORE"** is after all, the only place to buy Furniture.

Thirty-eight years of honorable merchandising in Indiana commend our great stores to the favor of the public.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Dec. 11.—Steady cables at Liverpool and a fair demand by commission houses caused a steady opening in the local wheat market today. May opened a shade lower to a shade higher at 79⅛c to 79½c and sold at 79¼c. Minneapolis, Duluth and Chicago reported receipts of 649 cars against 847 cars last week and 556 cars one year ago. The close was weak with May off ⅜c at 79@79⅛c.

May corn was steady; trading was in very small volume. May opened unchanged at 44¼c and sold at 44⅜c. Local receipts were 350 cars with 6 of contract grade. The close was weak with May down ⅛@⅜c at 43⅞@44c.

The oats market was very dull. May opened a shade to ⅛c lower at 36¼c to 36⅛@36¼c and sold at 36⅛c. Local receipts were 200 cars.

The provision market was easier. January pork opened 10c to 15c lower at $15.95 to $16.00. Lard was down 7½c at $8.67½. Ribs were 12½c lower at $8.42½.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Dec. 11.—Opening prices of stocks showed wide advances over last night but the level was not fully up to the London parity. Eleven thousand shares of Reading sold at 153½ and 151½ compared with 150¼ last night. Canadian Pacific rose buoyantly 5⅝. Virginia Iron advanced 2½ and New York Central, Ontario & Western, Chesapeake & Ohio, Missouri Pacific and United States Steel a point. Gains of substantial fractions were general throughout the list.

There was a number of feverish fluctuations, especially in Reading covering a point or more and bringing it at times within a fractional distance of yesterday's closing. Outher stocks went considerably higher before a profit taking made an impression on prices.

The trading became quieter in the second hour, but the tone was still strong in spots. St. Paul rose 3⅞ in all, crossing Union Pacific, the preferred advanced 3¼, Louisville & Nashville 2⅝. The easier tone of the money market in response to the treasury's relief measure induced covering of shorts quite generally. Bonds were steady.

Coincident buying on a large scale of St. Paul and Union Pacific imparted further strength to other grain carriers. But the general list was not benefitted to any noteworthy extent. Tremendous purchases of Reading were consummated within a range of ½, one block of 8,800 shares changing hands at 151¾. St. Paul climbed to 189, a rise of 5½.

Later there was a general sag from the best prices, St. Paul reacting a point. The market was showing improvement again at 2 o'clock.

The market closed active and irregular. Belated advances in the Hill stocks and a further rise in Union Pacific to 2⅝ over last night covered some profit taking somewhere. Reading lost all of its advance. Northern Pacific rose 3. St. Paul rallied to the best of the day at 189¼, but the tone of the market became rather feverish.

GREAT POULTRY SHOW.

People's Association Will Hold Big Exhibition.

Last evening at the regular monthly meeting of the People's Poultry and Pet Stock association in the assembly room of the court house preparations for the second annual exhibition, which will be held in the Randall building January 21 to 27 inclusive, were thoroughly discussed. The association has purchased 1,200 of the latest model exhibition coops on market and this will enable it to coop all exhibits on a par with the large shows in Chicago and New York. The premium list amounts to over $1,000. The exhibition is attracting much attention among the poultry and dog journals throughout the country.

A general outline of the good work accomplished was gone over last night and final preparations, for what the management feel confident will be the largest and grandest exhibitions of this kind ever given in the central west, were begun in earnest. The association has secured the vacant rooms in the new Randall block, corner Harrison and Pearl streets, in which to hold its exhibition. These rooms are large, well lighted, have first-class elevator service and, all in all, are much the best located and suitable for an exhibition of this kind that the management could secure.

HERE ON INSPECTION TRIP.

Youngstown, Ohio, Officials Take a Look at Court House.

Messrs. C. T. Agnew, W. H. Ruhman, J. C. Hamm and J. A. Cooper, comprising the board of county commissioners at Youngstown, Ohio, arrived in the city this morning to inspect the Allen county court house. They left later in the day for Toledo.

CHRISTMAS CANTATA.

On Friday evening, December 21, the members of the Sunday school of the First Baptist church will give a Christmas cantata entitled "A Counterfeit Santa Claus," in the auditorium of the church. The scholars have already begun the preparations for the performance and expect to make a very successful presentation. Last Sunday C. A. Hood was re-elected superintendent of the school.

Day's Happenings in the Industrial World

WILL ENLARGE FACTORY.

Fort Wayne Electric Company Plans Big Improvements.

According to plans which have been definitely decided upon by the General Electric company and which were made public yesterday by J. J. Wood, general manager of the Fort Wayne Electric works, the latter plant in this city will be enlarged to double its capacity by the erection of new buildings and additions to the present ones within eight or nine months. Between 900 and 1,000 more men will be employed by the factory when the improvements are finished and consequently the consumation of the plans will mean much to the business interests of this city.

Mr. Wood arrived from New York and other eastern points Monday afternoon and stated that while there he had a conference with the General Electric people who assured him of the company's intention in the matter. Mr. Wood has been endeavoring to secure this addition to the plant for the past two or three years and feels highly gratified at the outcome of his desires. The company has closed a deal for the land on which to erect the new shops, but the definite plans of extension and division have not yet been decided upon.

FIREMEN TO GIVE BALL.

Event Will Take Place at Saengerbund Hall January 25.

Invitations are being issued for the annual ball of A. G. Porter lodge, No. 141, Brotherhood of Locomotive Firemen and Engineers, to be given at Saengerbund hall Friday night, January 25. The invitations refer to the affair as "the first annual ball," but it is the first only since the firemen added the words "and engineers" to the name of the order. Otherwise the brotherhood has not changed and under the old name it gave many and among the most pleasant dances ever witnessed in Fort Wayne. Reineke's full orchestra has been engaged for the coming event and other arrangements are being made to make it one of the most important social functions of the season. The dance has been placed in the hands of the following committees:

Arrangements —. C. B. Whitman, chairman; E. G. Ludwig, F. C. Lindenburg, H. R. Tourgee, R. C. Scheckler, M. J. Reilly, G. W. Carmer, H. O. Dermody, F. E. Wilmore, C. I. Hale, G. Long and W. H. Wyman.

Floor — H. R. Tourgee, chairman; E. G. Ludwig, D. H. Jenness, H. O. Dermody, O. T. Peterson, O. E. Maxwell and C. N. Crosby.

Reception—P. H. Doty, chairman; R. A. Parrett, J. H. Dentzer, D. Shepler, H. H. Croft, M. C. Wolford, O. T. Peterson, W. C. Happle, J. H. Bohrer, D. H. Jenness, C. J. Mason, W. F. Beidenwig, A. L. Henline, P. Spindler, M. E. Glass, W. A. Ellis, O. E. Maxwell and M. Robbins.

STRIKE AT SCHENECTADY.

Some General Electric Men Lay Down Tools and Quit.

Schenectady, N. Y., Dec. 11.—The 2,500 members of the Industrial Workers of the World, employed at the General Electric works who ceased work yesterday because the company refused to reinstate several discharged employes, went back to the works this morning, but at 9 o'clock walked out in a body. They made no demonstration.

The company employes 15,000 hands, the majority of whom are affiliated with the American Federation of Labor which is not concerned in the present trouble. There has been bad feeling between the Industrial Workers of the World and American Federation of Labor for some time and it is said that the federation has volunteered to the company to fill the places of the striking Industrial Workers of the World on short notice. There was a large crowd of men at the employment office of the company this morning looking for work.

A FRIEND'S ADVICE.

Something Worth Listening To.

A young Nebr. man was advised by a friend to eat Grape-Nuts because he was all run down from a spell of fever. He tells the story:

"Last spring I had an attack of fever that left me in a very weak condition. I had to quit work; had no appetite, was nervous and discouraged.

"A friend advised me to eat Grape-Nuts, but I paid no attention to him and kept getting worse as time went by.

"I took many kinds of medicine but none of them seemed to help me. My system was completely run down, my blood got out of order from want of proper food, and several very large boils broke out on my neck. I was so weak I could hardly walk.

"One day mother ordered some Grape-Nuts and induced me to eat some. I felt better and that night rested fine. As I continued to use the food every day, I grew stronger steadily and now have regained my former good health. I would not be without Grape-Nuts as I believe it is the most health-giving food in the world." Name given by Postum Co., Battle Creek, Mich. Read the book, "The Road to Wellville," in pkgs. "There's a reason."

HOELTJE WINS OUT.

Federation of Labor Elects Him President.

Henry C. Hoeltje, a cigarmaker and one of the best known labor leaders of northern Indiana, was elected president of the Fort Wayne Federation of Labor at the meeting last evening, when the largest gathering of the year took place. There were more than one candidate for most of the offices and the battle of ballots was one of the most interesting and in some instances the closest contest ever waged in that body. The complete roster, with the exception of the committeemen, who will be appointed by President Holtje at the next meeting, for the coming term will be as follows:

President—Henry C. Hoeltje, cigarmaker.

Vice President—D. W. Shaw, meatcutter.

Recording Secretary—Archie S Sthair, horseshoer.

Corresponding and Financial Secretary—J. F. Reiling, stationary engineer.

Treasurer—George Keefer, beer wagon driver.

Sergeant-at-Arms—J. F. Smith, teamster.

Finance Committee—J. C. McMahon, horseshoer; Henry Cook, cigarmaker; Isaac Thomas, plasterer.

Treasurer Lenhart made a report on the financial condition of the federation, which showed a balance in the treasury of $411.07. There are thirty-five locals affiliated with the federation and they represent a membership of upwards of 2,000. The federation authorized an appropriation of $50 to the Indiana State Federation for legislative purposes and appointed Gart Shober and H. F. Reiling a committee to wait upon a horseshoeing firm which has not yet signed the nine-hour agreement with a view of getting them to sign.

TWO UNIONS ELECT OFFICERS.

Bricklayers and Electric Railway Employes Have New Rosters.

Last evening the local lodges of the Bricklayers' union and the Amalgamated Association of Street and Electric Railway Employes held their semi-annual election of officers, the bricklayers' election as follows:

International Union Deputy—John Krah.

Alternate Deputy—Walter Pratt.

Delegate to International Union—Harry D. Kendrick.

Alternate Delegate—Daniel Kintz.

Local President—William Hagerman.

Vice President—Jacob A. Colyer.

Recording and Corresponding Secretary—Louis Wietfeldt.

Financial Secretary—Otto C. Schulz.

Treasurer—William Hambrock.

Board of Directors—Harry D. Kendrick, Daniel Kintz and Barney Hankens.

Arbitration Board—Warren Coburn Charles Youse and Herman Linnemeier.

The following was the result of the Street Railwaymen's election:

President—Philip Mechberger.

Vice President—C. M. Anderson.

Corresponding Secretary—J. C. Collins.

Financial Secretary—E. E. Hayes.

Treasurer—G. L. York.

Executive Board—E. E. Hayes, C. O. Van Ness, C. V. Cowell, P. Laramore.

Reporter to the Association—C. G. Brown.

Delegates to the Federation—W. C. Wilsey, E. E. Hayes, Theodore Cutshall, C. M. Anderson, H. J. Shipman.

BUSY TIMES AHEAD.

The outlook for a busy winter in the manufacture of gas machinery is decidedly flattering. The two concerns engaged in that line in Fort Wayne have been very busy for the past year, but a week or two ago there were signs of a faning off in trade, but recent big orders have put a different aspect on the situation. Supt. W. G. Kaiser, of the Western Gas Construction works, said this morning that that establishment was running full blast with work enough on hand to keep up the pace several months.

LABORERS BECOMING PLENTY.

Farmer Boys Are Flocking to the City to Work In Shops.

For the first time this year the "no men wanted" sign was this morning posted in one of the big labor-giving establishments of Fort Wayne—the Wabash shops. While other concerns have not put up a similar sign, they may do so soon if the stream of applicants for positions continues at the present rate. Supt. Harry Fisher, of the Bass foundry, said this morning that the works were well supplied with common laborers for the first time since he assumed charge there. The men are coming mostly from the country, where they were engaged during the summer and fall at farm work. Mr. Fisher said he could give employment to some skilled workmen, but he will not need any more common labor for awhile.

WILL DOUBLE CAPACITY.

Demand for Fort Wayne Windmill Necessitates Increased Force.

President Charles Pape, of the Fort Wayne Windmill company, stated today that the demand for the Fort Wayne windmill was increasing so rapidly that the company was getting behind with its orders, and that arrangements would be begun at once to increase the capacity of the works on High street and to double the force of employes. The bulk of the factory's output is handled by an Iowa concern, and the Fort Wayne mill is proving extremely popular in the Hawkeye state.

SHOP OFFICIALS HAVE MEETING.

Master Mechanic P. F. Smith, jr., of the Columbus branch of the Panhandle lines; General Foreman R. F. Lace, of the same shop; General Foreman C. A. Hall, of Allegheny, and General Foreman F. V. McDonald, of Wellsville, are in the city today to hold a conference with the shop officials of the company on this division. Messrs. Hall and McDonald formerly resided in Fort Wayne and they had the pleasure to meet many of their old friends today.

TWO SLIGHT ACCIDENTS.

There were two slight accidents in the Wabash yards in this city this morning. Two cars were derailed at Broadway and before they were put back on the rails, two cars were derailed just west of Fairfield avenue. Aside from the delay and annoyance, no damage resulted from the accidents.

ON INSPECTION TRIP.

Some time this afternoon or evening a special train carrying J. C. Bland, superintendent of bridges, and William McC. Grafton, superintendent signals, will arrive in the city to remain over night. The gentlemen and their assistants are out on the fall inspection of the bridges and signals on the Pennsylvania lines.

LABORER HAS FINGER CRUSHED.

Dominion Kosma, a Syrian employed in the Bass shops, had the nail and a good portion of the flesh stripped from the second finger of his right hand yesterday. The accident happened while Kosma was engaged in helping to load car axles on a wagon.

CHANGE THE MEETING HOUR.

The G. I. A. to the Brotherhood of Locomotive Engineers has changed its meeting time and tomorrow afternoon will meet at the hall promptly at 1:30 o'clock. There will be business of importance to come before the lodge.

INDUSTRIAL NOTES.

Pennsylvania Engineer E. W. Erwin is off duty on account of sickness.

A. Henline, a G. R. & I. fireman, who had been sick, reported for duty this morning.

A son has been born to Mr. and Mrs. Barney L. Disser. The happy father is a Pennsylvania signal repairman.

Pennsylvania shopmen who are on the sick list today are N. Smith, George Koop and William Fitzpatrick.

R. J. Finker, tank foreman at the Pennsylvania roundhouse, is a sufferer from rheumatism and is unable to work.

Charles H. Wood, a carpenter, took a position as car repairman at the east car shops this morning.

Passenger Fireman N. C. Wolford, of the Pennsylvania, today sent his mother to Wisconsin to take care of the children of her son, whose wife died there a short time ago. There are eight children and the youngest is only a few weeks old.

Conductor E. W. Parks, of the G. R. & I., and his wife have returned from Rome City, where they spent a few days with relatives.

Fred Steir resumed his duties in the Bass foundry this morning. During his absence from work his wife presented him with a daughter.

Mrs. Frech, wife of William Frech, foreman of the Pennsylvania signal repairmen, is quite sick and has been confined to her bed for two weeks.

Engineer Thomas Hagan, of the G. R. & I., is off duty to attend the funeral of his brother, notice of which appears elsewhere in The Sentinel.

George H. Kronmiller, who had been at the Detroit car works inspecting cars for three months, has returned here and resumed his former duties in

Walter J. Wagner, a signal repairman, took a position with the Pennsylvania today. He is a son of the well known contractor, Julian Wagner.

G. A. Bowman, assistant foreman of the tank department at the Pennsylvania roundhouse, resumed work this morning. A month ago he had one of his feet badly hurt.

William Heuer, Cornelius Greaney and H. W. Honeck, of the Bass boiler shops, went to Hartford City this morning to do some work on the steam plant of the Hartford City Paper company.

The Bass company this morning shipped a twenty-foot rope wheel to the Portland Cement company, Nazareth, Pa., the consignment making a complete car load.

R. Dignan and H. M. Turner, G. R. & I. firemen, are off duty on account of sickness in their families. Fireman A. R. Mayer, of the same road is off duty on account of private business.

Mrs. Charles Ryburg, whose husband is a signal repairman for the Pennsylvania, has returned from Forest, O., where she was called some days ago by news of the serious illness of her father.

Pennsylvania Fireman P. J. Pierce is suffering from an immense boil on his right wrist and may be unable to work for several days.

Peter Neuman, a machinist's helper at the Pennsylvania roundhouse, had the second finger of his left hand badly lacerated last night while at work. He will be unable to work for some days

The new steel car plant of the American Car and Foundry company at Madison, Ill., recently completed, is now turning out new cars at the rate of fifty a day. This company expects to complete its new steel car plant at St. Louis by April next.

Chief Clerk C. M. Jones, of the Pennsylvania freight office, is on duty again, after an absence on account of sickness.

Master Car Builder J. A. Graham, of the Pennsylvania, was called east last night on business for the department he represents.

Charles W. Kronmiller, foreman of the Pennsylvania car machine shop, who has been ailing for two weeks, is threatened with typhoid fever.

The Southern company announces that it will soon inaugurate a fast steamboat line between New Orleans and Havana, Cuba. A 10,500 ton turban boat, "The Momus," is receiving the finishing touches in New York and will sail for the first time from New Orleans Saturday, January 5, and will reach Havana early Monday morning.

The rapid growth of traction lines in the United States and the consequent increase in demand for cars has overcrowded the factories where passenger cars are built. The Indianapolis and Western Traction company announces that it will put a number of new cars in service next week. They should have been delivered some months ago.

In Ireland it costs 2½ cents per mile to transport a car load of farm products; 1 cent a mile on the continent and ½ cent per mile in America. State ownership of railroads is advocated by the Irish Reform association as a remedy for the exorbitant freight rates. In Ireland there are twenty-six railway companies and the aggregate of their lines 4,458 miles.

Beginning with the January issue, the Pennsylvania time card books will have no advertisements. This decision was the result of some investigations made by James McCrea, Joseph Wood, J. J. Turner, E. B. Taylor and S. B. Liggett, who compose the executive board. It is said that by a system of extortion, certain parties have made from $50,000 to $100,000 annually out of the advertising feature of the time card book.

The stringency in the car situation is more noticeable now than it was a few weeks ago. All of the railways report business up to the full capacity of their equipment. Some have plenty of engines, but all are short on cars. The latter is the case with the Lake Shore and Lake Erie and Western to a marked degree. Agent J. J. Flynn says that the car situation is the most serious problem he has to contend with at present.

The Power of Christmas Money

Will find its truest reward during the remaining 12 shopping days before Xmas at this store. We are prepared for the largest Holiday Trade in our History.

Stocks in all lines are newer, better and more complete than at any time during the season.

Our aggressive methods to wind up a most prosperous year, prompts us to give the public the same advantages in reduced prices which are usually exploited during January Clearance Sales.

A Stupendous Sacrifice on Women's and Misses' Suits

This is the most desirable lot of Suits ever placed on sale at such ridiculous low prices. There are 100 Suits in all, embracing all the season's high-class novelties in Broadcloth, Cheviots and Velvets. We've divided the entire lot in two sections.

Section 1—Takes in all Suits sold heretofore at $10, $12 and $15. **Your choice**..... **$6.75**

Section 2—Takes in all Suits which sold at $20, $25 and up to $30. **Your choice**..... **$16.75**

Tight fitting Coats, 50 inch long, made of Cheviot, Kersey Cloth and fine Broadcloth, reduced to $18-$15, and..... **$10.00**

This is a reduction from former prices 33 per cent.

Long, Loose Coats, made in pretty plaid Cloakings, Cheviots and Kersey, trimmed with velvet, braid, tailored straps and fancy buttons. We also include in this lot long tight fitting and half fitting Coats, half satin lined; values up to $15.00, at..... **$7.95**

FINE FURS

The censorship of Furs is of high importance—deception is so frequently practiced and so hard for the inexperienced to detect that one must almost depend entirely on the store that sells the furs. Imiations are hard to place a value on, and the piecing together of odds and ends is so frequent that the most critical can be deceived. It is a source of satisfaction to ourselves and our customers the way we are selling furs—no deception—no misrepresentation—nothing but reliable furs are sold at a fair profit.

A LITTLE DOWN AND BALANCE LATER.

MARCUS SAUL 122 EAST BERRY STREET

It is time for you to think about a Merry Xmas and what you will get your family and friends. Another question: Will you have money enough to make your intended purchases? past experience says no! Then let us help you out.

We Loan to Any One

At any time without having anyone else sign a note with you. We will advance you from $5 to $200 and take your furniture, piano, horses, wagons and buggies, stock, etc., as security and at the same time leave the property in your possession, thus giving you the use of both money and goods. A discount allowed when loan is paid before time expires.

COST—INTEREST ONLY

$ 10.00 for one month is 5cts., for one year is 60 cts.
25.00 for one month is 15 cts., for one year is $1.50
50.00 for one month is 25 cts., for one year is $3.00
100.00 for one month is 50 cts., for one year is $6.00

Kemp's Balsam

Will stop any cough that can be stopped by any medicine and cure coughs that cannot be cured by any other medicine.

It is always the best cough cure. You cannot afford to take chances on any other kind.

KEMP'S BALSAM cures coughs, colds, bronchitis, grip, asthma and consumption in first stages.

It does not contain alcohol, opium, morphine, or any other narcotic, poisonous or harmful drug.

Jeremiah Curtin, at present living at Bristol, Vt., is the master of seventy languages. He began life on a farm, but by diligent study acquired one language after another. He is at present doing special work. Besides his many translations, he is the author of a large number of books. He graduated at Harvard and shortly afterward President Lincoln appointed him secretary of legation at St. Petersburg.

FOLLOWING THE FLAG.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired commissary sergeant U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases." Guaranteed at Dreier & Bro.'s, druggists. Price 50c and $1.00. Trial bottle free.

The Patterson store is the underwear store.

A new Siamese paper has burst out with this: "The news of English, we tell the latest. Writ in perfectly style and most earliest. Do a murder get commit, we hear of and tell it. Do a mighty chief die, we publish it, and in borders of somber. Staff has each one been colleged and write like Kipling and the Dickens. We circle every town and extortionate not for advertisements."

E. C. DeWitt & Co., of Chicago, at whose laboratory Kodol is prepared, assure us that this remarkable digestant and corrective for the stomach conforms fully to all provisions of the National Pure Food and Drug law. The Kodol laboratory is a very large one, but if all the sufferers from indigestion and stomach troubles could know the virtues of Kodol it would be impossible for the manufacturers to keep up with the demand. Kodol is sold here by all druggists.

Meyer Brothers

Two Christmas Drug Stores

During the year 1906 30,000 deserted wives have been relieved by the Berlin poor law officials at a cost of $125,000. A great majority of cases of matrimonial troubles resulted from drunkenness, which breaks up homes, at least temporarily.

Bee's Laxative Cough Syrup containing Honey and Tar is especially appropriate for children, no opiates or poisons of any character, conforms to the conditions of the National Pure Food and Drug law, June 30, 1906. For Croup, Whooping Cough, etc. It expels Coughs and Colds by gently moving the bowels. Guaranteed. Sold by Rhoads' drug store.

We sell you the American Knitting Mill Underwear at $1.00 a garment, or $2.00 a suit. It is 80 per cent wool and is made like our $4.00 underwear.

Backache, cold hands and feet, rheumatism and kindred ailments caused by improper action of the kidneys yield readily to a short treatment of DeWitt's Kidney and Bladder Pills. They quickly drive the poisons from the system and thus afford relief. A week's treatment for 25c. Recommended and sold by all druggists.

The Irish farmer still clings to the cultivation of the potato, "and," sorrowfully remarks an Irish writer, "he will doubtless continue to grow it long after it has caused his death by starvation."

Open the bowels and get the cold out of your system. Kennedy's Laxative Cough Syrup opens the bowels and at the same time allays the inflammation of the mucous membranes. Contains Honey and Tar. Drives out the cold and stops the cough. Absolutely free from any opiates. Conforms to the National Pure Food and Drug law. Pleasant to take. Sold by all druggists.

Every hat and cap in our store will be discounted at least 10 per cent during the great sale.
